MT. KEMMEL TAKEN IN FERCE STRUGGLE FOE'S GAIN INTENSIFIES PERIL OF YPRES

**\$211,384.56
IS SIZE OF
ONE BOND
PURCHASE**

Stipulation Between City and
Merritt Estate Allows Money
in Escrow Awaiting Outcome
of Lawsuit to Work for U. S.

**CITY MAY INVEST
\$250,000 MORE IN BONDS**

County Has Purchased to the
Amount of \$6,861,550 Up to
Date; Are Nearly \$3,000,000
Short of Quota; Cities Over

Through a stipulation entered into
today by the city and the trustees of
the Merritt estate, \$211,384.56, rep-
resenting the sum placed in escrow
by the city in payment for lands
condemned seven years ago at the
foot of Broadway and Washington
streets, is released for the purchase
of Liberty bonds of the third loan.
Acting on a resolution introduced by
Mayor Davis the council authorized
the city attorney to sign the stipulation
which is also signed by Attorney
M. C. Chapman in behalf of the
Merritt estate.

The big sum of money has been
lying idle on deposit with County
Treasurer M. J. Kelly since it was
paid over by the city when a jury in
the superior court after a long and
hard-fought case fixed that value on
the lands in condemning the water-
front property for the city. The de-
fendant appealed through all of the
state courts and the case is now
pending on writ of error before the
United States Supreme Court. In the
trial of the case Attorney Charles A.
Beardsley appeared as counsel for the
city. The suit was tried in 1911 and
constituted one of the first important
cases involving the title of water-
front lands. The evidence consisted
largely of time-worn data and recol-
lections of surveyors and engineers
regarding old maps. The location of
the low tide line of 1852 was one of
the important features of the case,
the establishment of this location be-
ing one of the principal issues.

**EITHER SIDE WILL
TAKE THE BONDS**
Regarding the stipulation it is
agreed between both parties that
whichever side wins they are favor-
able to taking over the Liberty Bonds
with their accumulated interest. In
this way the winner will gain con-
siderable value through the purchase
as the money has not been accumu-
lating interest for more than five
years and might have lain idle for
years to come.

At the same time the council today
took into consideration the possi-
bility of utilizing the cash bond fund
of approximately \$250,000 to pur-
chase bonds. According to City As-
sessor Clay, it is largely a matter of
bookkeeping providing that arrange-
ments can be made to meet current
bills between July 1 and the col-
lection of the first installment of taxes
in November.

Employees of the city park board
today subscribed to \$3000 worth of
Liberty bonds.
**42,119 CITIZENS
PURCHASE BONDS.**
Since the beginning of the Liberty
loan drive on April 6, 42,119 citizens
of the county have purchased bonds.
The total subscription to date is
\$6,861,550, or an average subscription
of \$162 per person.
The population of the county is ap-
proximately 360,000.
The statement of the standing for
the various cities in the county for
today is as follows:

Americans Outfight Boche Stand Shell and Steel Test

(By Associated Press)
WITH THE AMERICAN ARMY IN FRANCE, April 26.—Ameri-
can troops today made a successful trench raid over the height of
the Meuse in the vicinity of Vaux-les-Palameix (on the front below Ver-
dun, nine miles north of St. Mihiel). Their French comrades har-
assed the enemy in the same way at a number of places in Lorraine
and in the Vosges.

The sector along which the Germans made their heavy attack
against the Americans yesterday is situated in a very broken and hilly
country about seventeen miles east of the important St. Mihiel salient
on the road between St. Piezier and Metz. The town of Seicheprey is
surrounded by hills about 800 feet high. The line of the allies passes
2000 yards north of Seicheprey and a few hundred yards from the
edge of Renneres wood. The Germans were able to seize this wood
and a strip of ground 1000 yards long and half a mile wide lying to
the west of the wood, on Saturday morning, and the attack on the
American sector in the vicinity of Seicheprey was a sequel to this
action.

Two American soldiers, wounded in the engagement around Seiche-
prey last Saturday, were found alive today in a dugout in No Man's
Land. The dugout had been badly smashed by German shell fire, and
that the men managed to keep alive is said by physicians to be amaz-
ing.

Another soldier, Raymond Demun-
sky, was buried alive for three days,
after which he crawled to the sur-
face. He was found by stretcher
bearers in No Man's Land this morn-
ing. The Germans fired on the Red
Cross flag.

**HUNS OUTNUMBER
AMERICANS 8 TO 1.**
The American troops in the Seiche-
prey fight, additional details show,
were outnumbered, in some instances
eight to one. Latest advices are that
the American casualties are much under
the first estimates.

Edward Jacques, a New Haven, Conn., boy, told the correspondent he
was one of a hundred and fifty Ameri-
cans who were almost surrounded by
at least eight hundred Germans.
French troops came to their assistance,
said Jacques, who added:

"We got on fine with the French-
men. They had been training us so
it seemed like they were our
fellows. We certainly made it hot for
the Germans."

"Machine Gun" Parker, who
manned a gun by himself, was asked
by his superior officer whether he
would hold the line. He replied that
he could, unless killed, and he did.

**CATHOLIC CHAPLAIN
HELPS WORK GUN.**
Father William J. Farrell of West
Newton, Mass., a regimental chaplain,
proved such a good fighter that a
high officer offered him a commis-
sion in his command. Father Farrell went
to the assistance of a battery when
four of the American gunners were
killed, carried up ammunition and
helped work the gun. He was wound-
ed slightly.

Propaganda balloons, which have
been falling on the American lines
since Tuesday, indicate that the Ger-
mans are still trying to undermine
the French morale. The pamphlets
dropped contain cartoons, poems and
articles, all aimed against the Eng-
lish.

**TO DECORATE U. S.
REGIMENT'S COLORS.**
BY INTERNATIONAL NEWS SERVICE
LEASING WIRE TO TRIBUNE
WITH THE AMERICAN ARMY IN
LORENAINE, April 25.—A French
general will decorate with the croix
de guerre the colors of the American
regiment which defeated the five-day
attack by picked German troops
northwest of Toul two weeks ago.

Individual members will also be
decorated. The citations and cere-
mony are scheduled for Sunday.
This is the first time an American
regiment has received the French war
cross.

The Americans in the battle of
Seicheprey it was everybody's fight
—cooks, stretcher bearers, signal men,
chaplains joining in a heroic battle,
new details of which are revealed to-
day in the hospitals back of the lines.

The Germans in the dispute
of picked shock troops, blonde giants
who, in the words of an American
now laid up by wounds, fight until
their leader is killed and then run
"like a bunch of quitters."

**Mexicans Drop Hun
Rifles During Flight**
MARFA, Texas, April 26.—Private
Sacco Stone was wounded in the eye
when Mexican soldiers fired on an
American cavalry patrol on the river
near Everett's ranch, south of here,
yesterday. The fire was returned by
the Americans. The Mexicans fled,
leaving five made-in-Germany rifles
and some American-made ammuni-
tion.

LAREDO, Texas, April 26.—The
opinion is current here today that
the revolution of General Luis Cabellero
has blown up, following the defeat
of the rebels by Carranzistas near
Victoria. Cabellero is now reported
heading for the seacoast of Mexico in
the general direction of Soto La
Marina.

KAISER IS BOMBED AT ZEEBRUGGE BUT ESCAPES A S S U R E D

Heroic Work of British Jack-
ies Told in Detail by Com-
manders of Vessels Storming
U-Boat Base on Belgian Line

**GERMANS ADMIT
CHANNEL IS BLOCKED**

Hun Vice-Admiral to Lose His
Command for Allowing the
Attackers to Get Close to the
Works; Gunfire Was Terrific

COPENHAGEN, April 26.—A Brit-
ish airman bombed Zeebrugge mole
today, the latest in a series of at-
tacks on the German submarine base.
The Kaiser remained on the mole and
completed his inspection.

Twelve British prisoners were cap-
tured in the British raid against the
German submarine base at Eruges, the
Lokal Anzeiger of Berlin states.

The paper stated that nearly the
whole harbor passage at Zeebrugge
was blocked by sunken ships, but the
submarines are still able to leave
through a narrow passage.

AMSTERDAM, April 26.—Vice-Ad-
miral Schroeder, the commander at
Zeebrugge, according to reports reach-
ing here, will be deprived of his com-
mand for being taken by surprise by
the British Tuesday. German news-
papers, commenting on the raid at
Zeebrugge, generally take the hint
given in the official report at Berlin
and represent the enterprise as having
been a failure. Some, however, admit
that the attack was made with great
boldness.

The cement-laid ships which were
sunk close to the coast will not pre-
vent the exits and entrances of the Ger-
man naval forces," the Koelnische Zeitung
says.

Lokal Anzeiger says that the
raiders succeeded in locking the
waterway to a great extent, but that
the U-boats still are able to leave their
harbor, as a narrow passage remains.
The Weser Zeitung regards the Brit-
ish version as a fantastic substitution
of the wish for the deed and says:
"It is a success of which we Germans
may boast."

**CREWS OF ATTACKERS
SHOW HEROISM**
OTTAWA, April 26.—Reuter's cor-
respondent gives details of the Brit-
ish naval raid on Zeebrugge in the
narrative issued by the admiralty and
shows to what lengths the crews of
the cruiser Vindictive and the Llando-
freddy ferry-boats and the Llando-
freddy sacrificed themselves to draw the
attention of the Germans from the three
cruisers assigned to block the canal.

Concerning the engagement on the
mole, where the Vindictive landed
storming parties, the account says:
"The Dardoff, after aiding to berth
the Vindictive, should have proceeded
to land her own men, but Captain
Carpenter ordered her to remain as
she was, with her bows against the
Vindictive's quarter, pressing the lat-
ter ship into the mole. Her casualties
were one killed and eight wounded.
Among the latter her commander,
Lieutenant Campbell, who was struck
in the right eye by a shell splinter.

"The Iris" first attempts to make
fast to the mole ahead of the Vindictive
failed, as her grapnels were not
large enough to span the narrow
position and fell in water of the Vin-
dictive. She suffered very heavily
from the fire. A single big shell
plunged through the upper deck and
killed forty-nine marines. Another
shell burst in a stateroom today as
the guest of "Captain Alfred" F. B.
Carpenter, who commanded her in
the expedition last Tuesday against
the German submarine base at Zee-
brugge on the Belgian coast.

Captain Carpenter received the
correspondent with his arm in a
bandage.

**KAISER HEARS
SELF IN SAME
OLD SPEECH**
AMSTERDAM, April 26.—"Our
victories in the field and at home
should convince our enemies that
we cannot be subdued by force of
arms or economic blockades,"
said the Kaiser, addressing Ger-
man troops on the Flanders front.
"Nations desiring to destroy us
are digging their own graves."

**Says Holland Will
Accept Hun Terms**
COPENHAGEN, April 26.—A des-
patch from Berlin today stated that
the Lokal Anzeiger learns that Hol-
land will likely accept the conditions
imposed by Germany in the dispute
between the two powers. It was re-
ported here today that the situation
is still serious.

Semi-official denial has been made
of the report that Germany handed
Holland an ultimatum threatening to
occupy Dutch harbors if Holland did
not submit to Germany's demands.

Terrible Loss Sustained By Germans in Attack On Ypres Key Position

The battle in Flanders has again taken the ascendancy.
Severe artillery and infantry fighting is progressing on practical-
ly the entire northern battle area.

On the northern edge of this front the Germans obtained a
footing on Mont Kemmel after a furious all-day fight on the ten-
mile front, between Bailloul and Hollebeke. Kemmel is about
four miles northeast of Bailloul and seven miles south and west
of Ypres. If the enemy completely establishes himself on this
height, the British must defend Ypres from the south on a low,
flat terrain.

Haig conducted a successful minor operation on the extreme
western tip of the northern battle front, west of Merville. On
the southwestern sector of the Flanders theater the Germans are
heavily shelling the British positions on the ten-mile front, be-
tween Guinchy and the Lys river.

In Picardy the British cleared out some outposts southeast of
Villers-Bretonneux.

BULLETIN
(By Associated Press)
WITH THE BRITISH ARMY IN FRANCE, April 26.—The French
this morning are counter-attacking at Mont Kemmel in an attempt to
reclaim the positions taken by the Germans. Yesterday's fighting
was of a desperate nature and the enemy gains were only made at a
frightful cost.

U. S. AIRMEN HAD DOWNED 339 HUN PLANES TO MCH. 8

LONDON, April 26.—The Germans
in their attack on the northern bat-
tle front have occupied Kemmel Hill,
General Delmarad Cliffe, chief director
of military operations at the War
Office, stated this afternoon.

A severe struggle of eighteen hours'
duration has raged around Hangard-
en-Santerre, east of Amiens, but the
French line has withstood the shock
and held firm, said Central News des-
patches from the front today. A
French major transformed Hangard
Chateau into a fort and continued the
battle there.

The latest German thrust against
Amiens affected mainly the French
front over a width of about three
miles between Senecot wood and Hang-
ard. There were flank attacks, made
doubtless with the view of protecting
the German effort against the British.

The Germans poured gas shells
against the French positions for six
hours and delivered seven charges of
infantry.

A footing has been obtained on
Kemmel Hill by the Germans in their
attacks on the northern battle front,
the War Office announced today.
Fighting is still continuing in this
region.

**SUPERIOR FORCES ARE
COMBATED BY ALLIES.**
The allied forces were engaged all
day yesterday with greatly superior
enemy forces along this front from
Bailloul to Hollebeke (a distance of
about ten miles) and finally were
compelled to give ground.

German posts which were holding
out southeast of Villers-Bretonneux,
on the front south of the Somme after
its recapture by the British, were
cleared up.

"On the Bailloul-Hollebeke front
severe fighting lasting through the
day against a greatly superior force,
the allied troops were compelled to
give ground and the enemy obtained
a footing on Kemmel Hill. Fighting
continues in the neighborhood of
Drancoulers, Kemmel and Vierstraat."

"We carried out a successful minor
operation during the night west of
Merville and captured fifty prisoners
and three machine guns. The hostile
artillery has been active along our
front from the Lys river to Guinchy."

**VILLERS-BRETONNEUX
POSTS ARE CLEARED.**
South of the Somme hostile posts
which were holding out southeast of
Villers-Bretonneux have been cleared
by our troops. The enemy's artillery
has been active also in this area with
gas shells.

"On the remainder of the British
front there was nothing to report."

PARIS, April 26.—Heavy artillery
fighting south of the Somme is re-
ported by the War Office. The state-
ment follows:
"South of the Somme violent arti-
llery fighting occurred during the
night."
"We carried out a number of raids
at different points on the front, es-
pecially in the region east of Lassigny,
between the Meuse and the Aisne,
near Bezonvaux, in the region of
Eparges, in Lorraine, and in the
Vosges. We took prisoners."
"Everywhere else the night was
calm."

BERLIN, April 26.—via London:
The supplementary official statement
from the German War Office last
night reads:
"The army of General von Arnim is
again engaged in a battle for Kemmel
height."

NEW YORK, April 26.—The Germans
are steadily withdrawing troops and
sending them to France.
Polish citizens refused to enlist in
a proposed Polish corps to fight
against the allies in Flanders.

LIBERTY SONG FEST TONIGHT AT AUDITORIUM

(Continued From Page 1)

be held in the civic auditorium tonight.

Such a situation, according to the local Liberty loan committee, is the least of its hopes, for the plans that have been made for tonight's musical entertainment, which will mark the climax of the week of song that has been in force since last Sunday night, are many and varied. Through it, in all its ramifications, the committee hopes to impress indelibly upon everyone's mind the importance of buying a Liberty bond.

All the vocal musical talent in Oakland, says the committee, has been recruited for tonight's program. Men and women of all ages will participate in the event. Civilian and military organization, it is promised, will have equal prominence in the various musical features. Professional song leaders will direct the singers and the audience as a whole, as it did on the occasion of the "Lib" first meeting Wednesday night, will be expected to join in the chorus work. Only two things will be expected of everyone who enters the auditorium, but each individual will be expected to do those two. One is, buy a Liberty bond, and the other is to sing.

"Sing and buy a Liberty bond," will be the big message of the evening. It will be found printed on the programs and what few speakers will hold the stage for a moment and vary the musical melange will urge a full compliance with the general request.

PROGRAM ARRANGED.

Tonight's program has been arranged largely through the efforts of the civic entertainment and music committees of the War Camp Community Service, of which George A. Cummings is general chairman and Alexander S. Dunn, chairman of the music committee. Other members of the committee who will take part in tonight's affair are Glenn H. Woods, Mrs. Newton A. Koser, Mrs. George A. Cummings, E. Dunbar Crandall, D. E. Graves, Julius Weber, Mrs. Carroll Nicholson, W. E. Chamberlain, and Ernest McCandlish.

The song leaders for the musical Liberty loan rally tonight are Glenn H. Woods, director of music in the Oakland public schools; Chas. C. Dunn, song leader of Mare Island and Yerba Buena naval training stations; H. Festian Davies, song leader at Camp Fremont; Howard E. Pratt, Y. M. C. A. song leader at Camp Fremont; E. Carroll Piffen, song leader at the Presidio, and E. Dunbar Crandall, director of the Oakland Orpheus Club.

Five hundred sailors and a band of 100 pieces from the Yerba Buena naval training station will be on hand

Oakland Chinese are patriotic and they are proving it by buying Liberty Bonds. This is not the picture of a lottery ticket or a laundry list, but is a Liberty loan plea poster written in Chinese.

UPLANDS ARE DEFENDED BY BRAVE FORCE

By WILLIAM PHILIP SIMMS, United Press Staff Correspondent.

WITH THE BRITISH ARMIES IN FLANDERS, April 26.—French troops are still fighting.

After an eight-hour struggle yesterday, German storm troops finally wedged their way between the French and British flanks and crossed the Kemmel-lyres road, where the terrible allied fire held them up for two hours. Then they turned southward and poured down the valley to the west of Kemmel hill surrounding the French, who are still fighting atop the height.

Although the Germans have reached the crest of the hill, the remnant of the French garrison is still there. The French also hold the village.

In night fire at Mont des Cats (five miles west) the French raked the slopes with machine guns and held out against terrible odds, preferring death to capture.

Today the German lines apparently run west of Kemmel but the ultimate winner is still a matter of doubt. Similar fighting surged about Villers-Plouffe, retaking the town, atop a ridge, much in the same fashion as the Germans got Kemmel, working around the sides until it was surrounded.

As the French held out in Flanders, the Germans held out in the town east of Arras.

In the Kemmel fighting the Anglo-French made a savage counter-attack, both allied flanks enfilading over the crest of the hill, and the German lower fields of the valley into a sizzling hell. The Germans paid dearly for their gains.

Mont Kemmel is a steep hill more than 400 feet high, lying about four miles and a half south and west of Ypres. It is comparatively flat, top is oval, being nearly half a mile from southwest to northeast and half that distance from southeast to northwest. Its slopes extend outward into the foothills from a quarter to half a mile.

The little village of Kemmel lies just at the northeast edge of the height. Just southeast of Mont Kemmel is the hamlet of Bellevue and south of the hill is the village of Lindehoek.

By HENRY WOOD, United Press Staff Correspondent.

WITH THE FRENCH ARMIES IN FLANDERS, April 26.—The Germans are continuing the development of their attack against Amiens with increasing violence, aiming eventually at a separation of the Franco-British forces.

This is an indication of Hindenburg's determination to force a supreme, decisive contest, which unquestionably has been induced by the fact that preceding the present attack the Germans already had entered the town of Arras.

Of which approximately only 50 rank as first or second-class units, with which to force the final issue.

The German drive toward Amiens is increasing. In the meantime, the allies have had time to take the greatest defensive precautions. In consequence, the victorious outcome is likely to rest with the side having the best generalship, the most munitions and the most reserves.

As the result of unifying the allied command, French troops have been opposing the present attack as heretofore with the minimum forces necessary, preferring to lose ground rather than uselessly sacrifice his reserves.

While the two preceding German drives lasted for days each, with five-day intervals for organizing, it is considered doubtful that the Germans, with their limited number of fresh divisions, left from the violence of the present attack, can exceed their precedents.

TWO BILLION SUM REACHED FOR BONDS

WASHINGTON, April 26.—The third Liberty Loan, rounding into the home stretch today, swept past the \$2,000,000,000 mark as patriotic celebrations throughout the nation marked the passing of Liberty Day.

President Wilson reviewed a parade of Liberty Bond buyers from the front of the White House during the afternoon. Some 50,000 Washingtonians, including hundreds of war workers, and fifty newly-drafted men, were in line.

As the President paid his respects to the honor buyers, his secretary, Joseph P. Tumulty, sitting at his desk, heard the "Star-Spangled Banner" by long-distance telephone from Omaha, Nebraska, sung by patriotic citizens celebrating the holiday.

Treasury officials early in the afternoon reported the nation gathering its energies for the closing eight days and were confident the country's third great war loan will not fail at the final test.

While an aviator bombed the capital today with loan pamphlets, fifty thousand and marching bands, Pennsylvania avenue in a great Liberty Loan demonstration. The purchase of a Liberty Bond was a qualification demanded of all marchers.

Early messages caused officials to believe the day's results would end the nation's total for above two billion.

Tribune to Publish List of Liberty Bond Purchasers Monday

A list of names of purchasers of Liberty Bonds of the third issue will be published in Monday's TRIBUNE. It will comprise only those who have actually entered their subscriptions at a bank and institutional employees who have subscribed through their employers under some form of payroll deduction payment. This list is now in preparation.

Employers who are handling the subscriptions of their employees under a payroll deduction contract should telephone the Liberty Loan Headquarters, Lakeside 2700, for instructions as to how their lists should be prepared.

JOSEPH H. KING, Executive Chairman Oakland Liberty Loan Committee.

TALKATIVE ALIENS JAILED AS ENEMIES

Presidential warrants have been issued for the arrest of Louis Schwartz, 37, a native of Hungary and a local laundry worker, and Rudolph J. E. Tamann, a native of Germany who has been working at the Moore Shipbuilding plant under the name of Rudolph Hunt Schwartz. He is charged with making derogatory remarks about the American flag, and Hunt or Tamann with using a name other than his own on government work.

Tamann was arrested this morning. He was taken before Assistant United States Attorney Charles Halliday, where it was found that he had left Germany to evade military service, had taken out his first citizenship papers, and had registered as an enemy alien under his own name to secure employment to care for a wife and child. He was immediately paroled.

Schwartz will probably be taken into Federal custody today. At present he is in the city prison. He is said to have referred to the American flag as a dirty rag and to have later refused to kiss it. He will be charged with violations of the espionage act.

William Wagner, maître d' hotel at Tall's, San Francisco, was arrested today on a presidential warrant charging violation of the espionage act. It is alleged that on April 17 Wagner vilified the allies and urged employees not to purchase Liberty bonds. When taken into custody by Captain J. J. O'Meara he had been badly beaten by citizens who heard his remarks on Powell street.

Henry Schrieber was arrested on a presidential warrant at Napa today for making seditious remarks. His father is chief prison keeper of the German empire. He enlisted in the United States Army in 1913.

POTASH ZONE LAND OPENED FOR LEASES

WASHINGTON, April 26.—Eight square miles of the potash brine zone known as Searls Lake in San Bernardino and Inyo counties, California, were opened today by the Department of the Interior to applications for leases.

Empower President to Centralize Aircraft

WASHINGTON, April 26.—The Senate today agreed to the Wadsworth amendment to the Overman bill giving the President power to establish a new executive agency to centralize authority over aircraft production.

The amendment, according to Senator Wadsworth of New York, will definitely locate responsibility for producing aircraft. It was accepted without objection by the administration forces.

Bids Husband Farewell Then Shoots Herself

LOS ANGELES, April 26.—Following a fond farewell to her husband as he left for San Francisco, Mrs. Richard Hollingsworth, wife of a well-known automobile dealer, drove home in their machine and shot herself to death. "I am going to kill myself," she telephoned her sister, directly before the act. "Come on over."

When the sister arrived she found Mrs. Hollingsworth's body on the floor. A note, hastily scribbled, lay beside it.

"I love my daddy and my children," it read. "I hope my boy grows to be like his daddy. I have been very nervous and am about all in—Val."

Must Return Papers, Is Ruling of Court

CHICAGO, April 26.—Federal Judge Landis has issued an order directing the return of the suitcase of papers taken several months ago from the vault of Henry Veeder, general counsel for Swift & Co., in the course of an investigation of the packing industry by the federal trade commission. It is said that an agreement has been reached which will permit agents of the Federal Trade Commission to examine the papers belonging to Swift & Co., but not the private papers of Attorney Veeder.

U. S. Loans Belgium Additional \$3,250,000

WASHINGTON, April 26.—A further credit of \$3,250,000 was extended Belgium today, bringing the total to that government to \$107,850,000, and the grand total to the allies to \$5,288,550,000, the treasury announced.

Aeroplanes Collide, Three Officers Perish

LONDON, April 26.—Two aeroplanes collided near South Kent last night, killing three flying officers, according to a despatch from that town today.

LIST NEW FIRMS

The following additional local institutions have been reported as being 100 per cent subscribers to the third Liberty loan by the business men's committee:

Armour & Company, Dr. Frank Herbert Avery, Bridges Printing Company, Broadway Tire and Rubber Company, Chicago Rubber Stamp and Printing, Joseph Crowe, drygoods; Carter, Louis, dentist; D. G. Englen, real estate; R. C. Endries Optical Company, Enterprise Machine Works, Eastern Tailoring Company, W. D. Fuller & Company, Fox Piano Company, C. D. Ginn, dentist; Goldstein, drygoods; S. and F. R. Gray, real estate, A. Hargrave Advertising Company, Hotel Harrison Grill, Hotel Daciorlan, Hotel Savoy (Green Bros.), C. L. Hogue, optician; Martin M. Hoffman & Company, Inter-City Express Publishing Company, James E. Irwin, optician; Imperial Soda Water Company, S. Jackson & Sons, Katsoris Bros., A. C. Kellogg, D. L. Luedtke, Grocery Company, McNutt & Swift, Dr. John May, optometrist; Muller Bros., J. Marymont, clothing; The Model; Maryland Bowling Alley, Martin Jack & Company.

A. Newman Printing Company, Noland-Davis & Son, Oakland Enquirer Publishing Company, Oakland Daily Post, Oakland Fruit and Produce Company, Oakland Flower Shop, Oakland Cooperative Bookbinding Company, Pantages Theater, Piedmont Food Shop, Pringle Bros., Pacific Coast Rattan Company, George P. Pierson, plumber and tinner; Reinkens & Wagner, Riskin, Charles, furniture; A. C. Richards, real estate; Rotary Oil Burner Company, Standard Fence Company, Song Shop, H. F. Sullivan, dentist.

H. Steinmetz, D. D. S., Union Ice Company, Tiedeman Toyer & Company, Western Pacific Railway, Wiley E. Allen Company, The White House, Charles H. Wood, optometrist; L. Witkin & Son, hardware; W. J. Woods, drygoods; Wilson's Shoeing Shop; Arimori Yasuniro, baths; T. Yatsunamy, baths.

BOY SCOUTS TO ATT.

Beginning tomorrow morning the Boy Scouts of Oakland will take charge of the Liberty loan campaign, fulfilling the role of "the cleaners of the campaign," as they were designated a few weeks ago by Secretary William G. McAdoo of the Treasury Department.

All this week the Boy Scouts have been holding meetings with their captains and completing arrangements for the work they are to undertake tomorrow morning, which will include a thorough canvass of the 130 districts into which the city has been divided. As in the previous weeks, the Boy Scouts will wage a house-to-house canvass. It is stated that the members of the young army will probably do exceedingly well as individuals and collectively they have been laying the plans for the Boy Scout drive for many weeks, antedating even the launching of the entire loan by several weeks.

Early tomorrow morning 2000 trained scout salesmen will be the guests of the management of the Kinema motion picture theater to see the picture, "The Kaiser, the Beast of Berlin," in order that the members of the organization may have some idea of the evil they are helping to combat through faithful and determined service in the sale of Liberty bonds.

SOLD BONDS.

Old Herbal Remedy Used Successfully in Relieving Diabetes

The most satisfactory results have been obtained in combating Diabetes by observing certain dietary rules and the judicious use of Warner's Safe Diabetes Remedy, an herbal preparation of 40 years successful sale.

Following is a letter from a grateful user:

"This letter is the best proof that I am still alive. Your medicine is a miracle to me. My weight was reduced from 157 to 114 pounds when I left the hospital. I left there August 6th in despair. Hundreds of people that knew me said I would never live to return to my studio. After leaving the hospital I saw your 'Ad.' in the paper. I began its use and at once commenced to improve, and now everybody is saying to me that I look better than ever before. I tip the scales at 122 pounds and I am back working again to the astonishment of all. I feel splendid. People say I am looking better every day. I must tell you that every word I have written is true, and I can prove it by hundreds that know of my condition. Jules Priquet, 511 West First Street, Los Angeles, Cal."

Warner's Safe Diabetes Remedy is made from herbs and other beneficial ingredients and has been on the market for 40 years. A true indication of its value. Get a bottle today.

Sold by leading druggists everywhere. Sample sent on receipt of ten cents. Warner's Safe Remedies Co., Dept. 863, Rochester, N. Y.—Advertisement.

SAYS AMERICA MUST LOOK FOR BIG STRUGGLE

By ROBERT J. BENDER,
United Press Staff Correspondent.

WASHINGTON, April 25.—"America must expect a long and bitter struggle on the west front. It may be months before a decision in the bloody fighting there is realized."

"Today the allies are outnumbered by their foe. The situation is serious. The duty of the American government, the laboring man and the people at home is to make sure now. A successful outcome is assured."

This summarizes a remarkably frank discussion of the allied war situation by M. De Billy, French deputy high commissioner to the United States, who has just arrived here from France with French officers who were in the thick of the German onslaughts in the west.

HUNS FAIL.
Having failed in their original intention of separating the French and British lines, the Germans, they say, are now preparing for a long, continual drive—and it may be many weeks before the end is in sight.

Talking with these men, who have actually witnessed the recent battles in France, one is impressed by the tremendous earnestness with which they seek to drive home the vast effort necessary by America now. At the same time the complete confidence they have in the future is clearly conclusive of the German failure to crack the morale of French troops or people.

Manpower is the first vital demand on America, M. De Billy declared. England is rushing great reserves to France and the French are mustering all the reserves they can. The great reservoir, however, is the United States. Troop shipments from here must be hastened to the utmost, he said.

Germany is preparing to throw

Terrific Gunfire Sweeps Decks Vindictive's Captain Tells of Fight

(Continued From Page 1)

slung from a shell splinter wound. The ship showed innumerable signs of conflict. The commander, during the attack, was at the end of the bridge in a small steel box or cabin which had been especially constructed to house a flame thrower. Captain Carpenter, his account of the part taken by the Vindictive in the raid, said to the Associated Press:

"Our chief purpose in the expedition was to distract the attention of the battery while the block ships ran in, especially the battery of 11-inch guns which occupied a commanding position at the tip of the mole."

"Our ship was elaborately prepared for the business of landing soldiers on the mole, which is of some forty feet high and fifteen feet above the Vindictive's top deck at the state of the tide when the attack took place."

"We had a special superstructure over the upper deck and three long gangways of 'brows' which were designed to take the men up to the level of the mole as soon as we got alongside. Exactly according to the plan, we ran alongside the mole, approaching it from the port side, where we were equipped with specially built buffers of wood two feet wide."

"As there was nothing for us to tie up to, we merely dropped anchor there while the Daffodil kept us every good soldier she has into the west front; battle line, according to French information. The collapse of Russia has been followed by the virtual stripping of the Russian front forces. Two more divisions have been recently sent to Picardy. There are no great German forces today on any front except the west."

Next to manpower demand to meet this German determination, transportation, according to M. De Billy, stands out as the most vital question. Anything that can be done must be done, the Frenchman said, to inspire the people and workmen of America to the crying need for ships.

America must exert its greatest effort now while the danger is acute and at the same time prepare for continuing the struggle through 1919 and 1920.

against the mole with her nose against the opposite side of our ship.

"The first battery saw two of our three gangways were smashed, but the third held, and 500 men swarmed up this onto the mole. This gangway was two feet wide and thirty feet long."

"The men who went up it included 200 marines and 150 storming seamen from the Vindictive and fifty or so from the Daffodil. They swarmed up the steel gangway carrying hand grenades and Lewis guns. No Germans succeeded in approaching the gangway, but a hand-to-hand fight took place about 200 yards up the mole toward the shore. The Vindictive's men were killed toward the shore, so the bridge got the full effect of enemy fire from the shore batteries."

"One shell exploded against the pilothouse, killing nearly all of its occupants. Another burst in the fighting top, killing a lieutenant and eight men, who were doing excellent work with two pom-poms and four machine guns."

"The battery of 11-inch guns at the end of the mole was only 300 yards away and it kept trying to reach us. The shore batteries also were diligent. Only a few German shells hit our hull, because it was well protected by the wall the mole but the upper structure, masts, stacks and ventilators showed above the wall and were ridicled. A considerable proportion of our casualties were caused by splinters from the upper works."

CONTINUED TO
HOLD US TO WALL

"Meanwhile the Daffodil continued to push us against the wall as if no battle was on, and if the Daffodil had failed to do this none of the members of the Vindictive's crew would have been able to return to the ship."

"Twenty-five minutes after the Vindictive had reached the wall the first block ship passed in and headed for the mole. The crew followed in leisurely fashion while we kept up the fight on the mole. One of the block ships stranded outside of the canal, but the two others got two or three hundred yards inside, where they were successfully sunk across the entrance."

"One difficulty we had in preparing this expedition was that we could not have open practice of what we contemplated doing for fear the enemy might get information of our plan. All the men were tuned up to a high pitch, and it was with very anxious hearts that we waited for a suitable time to strike, knowing that every day we waited there was a greater chance of our secret leaking out."

"Fifteen minutes after the Vindictive arrived alongside the mole our submarine exploded under the viaduct connecting the mole with the mainland. The Germans had sent a considerable force to this viaduct as soon as the submarine arrived, and these men were gathered on the viaduct, attacking our submarine with machine guns. When the explosion occurred the viaduct and Germans were blown up together. The crew of the submarine, consisting of six men escaped on board a dinghy to a motor-launch."

"Early in the fighting a German shell knocked out our howitzer, which had been getting in some good shots on a big German seaplane station on the mainland. The explosion of the howitzer killed the members of the gun crew. Many men also were killed by a German shell which hit the mole close to our ship and scattered fragments of steel and stone among the marines assembling on the deck around the gangway."

"The German fire was very hot all the time we lay alongside the mole. At times the German guns reached as high as forty shots a minute. During the hottest part of the fighting I left my station in the firing house and went all around the ship to see how things were going. The spirit of the men was excellent. All they asked me was: 'Are we winning?'"

"Half an hour after the block ships went in, we received the signal to withdraw. The Vindictive's siren was blown and the men returned from all parts of the mole and thronged down the gangway after putting a few having laid alongside just about an hour. Germans made no effort to interfere with our getaway other than to continue their heavy firing."

The heaviest casualties of the expedition appear to have been inflicted on the personnel of the Irish, many on board being killed by a shell which burst on the bridge. Of the casualties on this vessel more than a third were killed.

A memorial service for Captain H. C. Hallihan, who commanded the seamen's storming party, was held yesterday.

Lord Rhondda, Food Minister, Resigns

LONDON, April 26.—Baron Rhondda, according to the Daily Mail has resigned as British food controller. He has been absent from his post for some weeks owing to illness.

David Alfred Thomas, first Baron Rhondda, has been known as the Welsh coal king.

Paris Bombardment Is Resumed Again

PARIS, April 26.—The long-range bombardment of Paris was resumed during the night. Up to 6 o'clock, as far as could be ascertained, nobody had been hurt and damage done was not appreciable.

M. BOCK

MERCHANT TAILOR
Room 6, Macdonough Building,
11th and Broadway.

If you want a high-grade Tailored Suit, made for you and guaranteed to fit you, from any of the dozens of the NEW fabrics I am showing this week, but at the OLD prices, drop in and see me. My business is to please you in every possible way, and I can do it.

It is Good.
Someone who knew from experience wrote: "It is good at the bottom of an advertisement of Chamberlain's Cough Remedy. Try it when you have a cough or cold, then perhaps you will write 'It is Excellent.' For sale by Osgood Bros., Drug Stores."

ONE LONG RANGE GUN IS DESTROYED

PARIS, April 26.—One of three German long-range guns which have been bombarding Paris, has been destroyed, according to Deputy Charles Le Boucq of the department of the Seine. The deputy said he had talked with the general commanding the sector near Crepy-en-Laonnois, where the big guns are stationed. The enemy, he declared, is constructing new emplacements.

"The emplacement platform, on which the gun slides, explains the regularity of the direction of the firing which was observed. At the heights of smoke from surrounding the gun, the sound of the gun from observation," he said.

U. S. GUNNERS FIGHT FIVE, SINK THREE U-BOATS

CHICAGO, April 22.—The destruction of three submarines by American gunners is told in a letter received here today by Mrs. Christopher Drain from her son, Private Christy Drain, who has arrived in France. The letter was dated April 6 at a "French port," and was given to a sailor friend to mail in New York. Drain says the American gunners battled for two hours with a fleet of five submarines. Three of them were sunk. The rest fled. Drain says the Americans did not lose a man or ship.

camouflage the sound of the big gun so its location cannot be judged from the sound. At the same time thick clouds of smoke from surrounding the gun, the sound of the gun from observation," he said.

ONE OF SCHMIDT'S WIVES APPEARS

DETROIT, April 25.—One of Holmuth Schmidt's living wives arrived here today from New York to try to attach one of the "murder plants" which she herself succeeded in capturing. She is Mrs. Emil Brown. She left for Royal Oak shortly before noon to look at his property there, hoping to recover equity for the \$3500 which she says he stole from her. A third living wife was believed located in New York today. Schmidt is said to have obtained \$1400 from her. He appropriated \$3200 from his present wife, who, police think, was to have been his next victim.

BIG EATERS GET KIDNEY TROUBLE

Take Salts at First Sign of
Bladder Irritation or Back-
ache.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out; they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health. When your kidneys feel like lumps of lead, your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Poster drawn by Oakland man which won the United States army recruiting prize of \$50 from among fifty contestants. (Insert). EDWIN W. DE LA LAING, the successful artist.

AMERICANS

Oakland Man Wins Big Poster Contest for Enlistments

Edwin W. de la Laing, Oakland artist, living at 286 Oakland avenue, has been selected out of fifty others as the winner of the \$50 prize offered for the best enlistment poster for the recruiting service. The selection was made by a jury of United States army recruiting officers, publishers and publicists in San Francisco late yesterday afternoon. Mildred Moody of Santa Barbara won second prize and P. N. Beringer of San Francisco third prize.

De la Laing's poster shows a khaki-

clad soldier with a bareheaded companion going "over the top" toward the Hun trenches. The soldier has a rifle clubbed over his head, with the Stars and Stripes behind him. The poster bears the motto, "Americans! Join the Fight! Miss Moody's poster was of a Red Cross dog on the battle field, with the motto, "Even a dog enlists—why not you?" Beringer showed a Belgian boy, mutilated by the Huns.

De la Laing is a Dane by birth, but has spent the later years of his life in this country, of which he is now a citizen. He is a graduate of Danish and French art schools and was for a long time a member of the Paris art colony. He won distinction in his own country for his painting of horses and animals in action at the royal palace stables at Copenhagen. He is noted in the bay district for his collection of white cats in addition to his art successes.

Hun Food Controllers to Hold Conference

ZURICH, April 26.—The German and Austro-Hungarian food controllers will hold a conference in Berlin tomorrow to consider methods of establishing food reserves to tide Austria over her difficulties until after the harvest.

PASSPORT PLOT IS INVESTIGATED

Federal agents are investigating the part alleged to have been played by John Kirby, a saloonkeeper at the foot of Sixth avenue East Oakland, in the attempt of John Reinhardt, an unregistered enemy alien, to leave the port of San Francisco for Alaska on the Union Fish Company's schooner Galilee, under a forged consular certificate of nationality. Reinhardt was arrested yesterday, and about the same time the Federal agents arrested Sigmund Mohan, a Norwegian sailor who had aided Reinhardt, and Jacob Peter Ruffler, a German leader, who was about to sail for Alaska on the Star of Greenland under a Russian passport which he is alleged to have purchased from Kirby in 1917.

Reinhardt procured his certificate of nationality, it is alleged, by means of a membership card in the Fisherman's Union, which he obtained from Anders Liand, a Norwegian, who was formerly a fisherman, but who now runs a saloon at 708 Howard street, San Francisco.

Armed with the union book, Reinhardt applied to the Norwegian consul and was given his certificate.

Reinhardt waited until the Galilee had been searched by the customs officials, and under cover of darkness was taken to the vessel in a launch by Kirby, the East Oakland saloonkeeper. In making out his application, Reinhardt had mis-spelled Liand's name, and this led to the discovery of the ruse and to his arrest.

Federal authorities believe that they have discovered a leak through which hundreds of Germans may have left this country since war began, and they are closely questioning all those involved.

Will Lecture on Mexico at School

"Mexico" will be the subject of a lecture by J. M. Nichol of San Francisco, speaking tonight in the Clawson school, Thirty-second and Magnolia streets. The lecture is one in the course given by the Oakland board of education for adults and will consist of a brief sketch of the principal features, history, life in Mexico, the revolution—the problem and responsibilities of this country. Nichol was born in Spain, the resulting intimate knowledge of the language has assisted him in getting into close touch with our neighbors to the south.

His profession as a mining engineer has led to extensive travel far from the beaten track, throughout Mexico and Central America, covering a period of nearly seventeen years, of which three were spent in Mexico and three during the revolutionary period up to February, 1915.

Dr. J. M. Nichol was the Carlisle uprising. Since that time he has been thirteen Spanish American revolutions. He was manager and engineer of the Madero mining properties in Mexico and was there during Mexico's last revolution. Because of his intimate knowledge with Mexican affairs, he will give his idea of how that country should be governed to its best advantage.

The lecture will be illustrated with lantern slides and punctuated with anecdote and personal experiences.

FABY MADE BAILIFF

Corporal Jack Faby, formerly head of the traffic bureau of the police department, was today appointed by Chief of Police Neagden as bailiff in Police Court No. 2. To all the vacancy caused by the retirement of Corporal John Murray, Patrolman C. O. Hunt was appointed acting corporal in place of Faby, transferred.

COLD STORAGE IN YOUR HOME

OVER and over again you have seen refrigerator cars on the railroads marked "BOHN SYPHON" As a matter of fact, the crop of fruits grown in California is transported to Eastern markets entirely in "Bohn" refrigerator cars. In addition, over 95 per cent of all railroads use Bohn Syphon Refrigerators in their dining and buffet cars. Conclusive proof that the Bohn System is more efficient and economical than any other refrigerator.

BOHN SYPHON REFRIGERATORS

FOR HOUSEHOLD USE are now on display and sale at Howell-Dohrmann Co. They are unquestionably the most efficient and economical ever offered, excelling all others in

LOW AND UNIFORM TEMPERATURE—
PERFECT CIRCULATION AND ABSENCE OF ODORS—
PURE ATMOSPHERE—FREEDOM FROM MOISTURE—
EASE IN KEEPING ABSOLUTELY SANITARY—
DURABILITY OF CONSTRUCTION—
AND PERFECT DRAINAGE

FOOD CONSERVATION is the very essence of national economy—THE Bohn SYPHON REFRIGERATOR is the best of all methods for household food conservation, and it cuts your bills almost in two—
Every home should have one.

OUR EASY PAY PLAN enables you to buy them in easiest and most economical manner—A little down, balance in monthly payments.

BAT CRACK HEARD ON WAR FIELDS

By FRED S. PERSHING, United Press Staff Correspondent. WITH THE AMERICAN ARMY IN FRANCE, April 26.—The big league baseball teams in the spring training camps at home have been cheering the American soldier so far as limbering up the old wing and priming the batting eye is concerned.

It is the spring training season over here, too.

Back of the lines, in the rest camps or along the roadside, you can hear the thump of the ball in the mitt, the crack of the bat and all the familiar baseball sounds—as well as a few war sounds thrown in.

A game of "old cat" was broken up recently by an airplane-anti-aircraft scrap overhead. The game was being played in the middle of the public square at Lunelville (about ten miles from the German border and nine miles back of the front lines). There was a good bleacher crowd of mixed poilus and doughboys. The sun was beaming down from a cloudless sky and the war seemed a thousand miles away.

But just then an "archie" spoke and everyone looked skyward. There was the Boche. Gun after gun came into action. Fluffy white rings broke all about him. He dodged and twisted and turned.

Within a few minutes the guns had put a complete circle of bursting shells about the plane. Then American routine began.

"Attaboy! Get him kid; get him! That was a close one. Now, just once more!" were some of the cries that went up.

Everyone was bending back, shading his eyes and watching the sight. The plane got through the circle of "cream puffs" safely and dived back toward home, an occasional shell bursting behind him.

"Foller him up; foller him up, kid!" was the encouragement shouted by the Americans. But the Boche outlegged them and disappeared.

"Who's at bat and who's on base?" a sergeant yelled, as the machine disappeared. A minute later the game was on again.

More Men Wanted in Naval Reserve

Uncle Sam wants more men for the Naval Reserve.

This is the announcement of S. J. Cuthrell, yeoman in charge of the naval recruiting station at Liberty Hut, City Hall Plaza. Men of every trade between 13 and 35, including men of draft age who can't get a release from their boards, are eligible. Chances for advancement are given men with trades useful in the navy, and men of no particular trade will be enlisted as firemen and seamen. Applicants can receive full information at Liberty Hut.

Mrs. Hill to Conduct Mt. Hermon Classes

Mrs. Hattie Linn Hill, Liberty loan speaker, who has been one of a team of three which has visited forty of the main cities of the country on patriotic work, will conduct the daily study classes of the Mount Hermon Federate School of Missions, which convenes at Mount Hermon, July 6 to 13. Mrs. Hill has been in charge of this work for the past two summers during the summer period. Her theme this year will be along patriotic lines.

THE BIG HEALTH DRIVE HAS BEEN STARTED

TO BUILD UP THE BLOOD OF A NATION

Spring Is the Time When People Worn and Weary After a Hard Winter Need a Tonic to Restore the Blood and Renew Energy and Ambition

It is one of the most persistent traditions of the human race to take a tonic for the blood in the spring and, like most of the accumulated wisdom of mankind, it has a sound scientific basis.

Winter is always a trying season for people who have small reserve of physical strength. Not many of us get as much exercise, out-of-door air and sunlight in winter as in summer. Much of our time is spent in the house, that are none too well ventilated, our diet lacks the fresh green foods of summer, and it is no wonder that the blood grows thin and sluggish with ill effects on the entire system.

Many people who neglect to take a tonic because they are not sick enough to cause them any worse feeling than one of fatigue and discomfort. They do not realize that the decline in their health is so gradual that they themselves do not realize how far from normal they are until the pale face, weak nerves, languidness and irritability attract the attention of friends.

Even then a tonic is the right remedy. Dr. Williams' Pink Pills build up the blood and send renewed health and strength to every part of the body. The appetite is improved, the digestion is toned up, there is new color in the cheeks and lips, you worry less, become good natured where before you were irritable, and you find new joy in living.

Was Nervous and Irritable. If you are irritable you may be the last person to realize it unless you honestly examine yourself. Are you? Are you subject to headaches? Do you forget easily? Is it difficult for you to keep your mind on your work? Do you have a sense of weakness in arms and legs and get tired easily? If this description fits your case, you need a non-alcoholic tonic, for these are the symptoms of neurasthenia.

Mrs. Avery Scott of R. F. D. No. 1, Hudsonville, Mich., took Dr. Williams' Pink Pills for this trouble. She says: "I was very nervous and grew so much worse that I was able to do hardly anything. I could not eat, retain in my stomach any but the lightest of foods. I had no color and suffered so from headaches that often I could not sit up. I could not get much sleep, either day or night and

Nine Americans Fall in Battle Pershing Sends in New List

WASHINGTON, April 26.—Nine killed in action, five died of wounds, three from disease, thirty-three wounded severely and twenty-five wounded slightly, were reported in today's casualty list from General Pershing.

Lieutenant Julian N. Dow, previously reported killed in action, is now reported a prisoner in Germany, wounded severely.

The list follows:
Killed in action—Sergeants Harry T. Corbin, William Y. Knapp, Corporal Louis M. Holmes, Privates Harry W. Addicks, Delmas, J. Warner, Joseph Dumarco, Charles G. French, Joseph F. Gaudette, Ralph Pambert.

Died of wounds—Privates Albert Adams, George J. Duto, Benjamin L. Shull.
Died of disease—Sergeant Cooper D. Wells, Mechanic John L. Ehrle, Private George C. Ross.

Wounded severely—Captain Henry H. Worthington, Lieutenants Orlando C. Brown, Edward M. Freeman, John J. Hyde, Harry F. Kelly, Sergeants F. R. Himes, Abe Ruskin, Corporal George W. Sterling, Cooks Frank Anker, Joseph N. Wood, Privates Alex. J. Worthington, Amadeo, Leon K. Barlow, Hugh Carroll, John P. Cottingham, Ralph J. Cullinan, Malvern Davis, Michael J. Dillon, Harper H. Faulkner, John Gawk, John Gierne, John P. Greaser, Earl J. Jones, George E. Jones, George Alfred Hopkins, Robert L. House, Julius Kuhl, Frank P. Mellon, Peter Modelz, John Norris, Samuel R. Schlumber, Ben L. Siemon, Charles W. Williamson.

Among the slightly wounded were Lieutenants William H. Kirk and Alfred P. Kivlin.

Privates Thomas Connelly, Charles A. Wiggins and Michael K. Holmes, previously reported missing, are now reported in action.

In the marine service the following list, in addition to that published yesterday, has been issued:
DIED FROM WOUNDS.
Sergeants Roscoe Bledsoe and Cecil Grimes.

Privates John White, Lawrence G. Beabout, Elv Wittstein, Claude L. Wilkinson, Eugene O. Davis, Walter Reynolds, Harry R. Williams, Leslie H. Arthur.

ACCIDENTALLY KILLED.
Sergeant Bernard J. Rowan, Private Charles D. Graham.

WOUNDED IN ACTION.
Captains F. W. Karstadt, A. A. Miller, First Lieutenant C. B. Maynard, Fred W. Clark Jr., Louis E. Jones, William H. Kirk, Harold D. Shannon, Harry K. Barlow.

EAST OAKLANDERS SEE TRIBUNE FILM

"How a Great Newspaper is Made," the remarkable educational film showing every process of the manufacture of a newspaper, from engraving room to pressroom, and using the new TRIBUNE plant as its model, is being shown for a special engagement at the Globe Theater, Twenty-third street, near East Fourteenth street, for the remainder of the week and until Monday night.

The film, produced by O. J. L. Byers, motion picture expert, is the first successful film depiction of the making of a newspaper. Others had attempted this feat, but lighting conditions always made it impossible. The TRIBUNE building, with its perfect natural lighting, made the feat possible.

The film shows how reporters and editors prepare "copy," how the linotype sets it, with "close-up" views of every detail of this, how the type is assembled, how the plates are made by the stenographers and how these are placed on the press and run off. Every detail of the mammoth Hoe sextuple press, of the linotype, of the work of the photo engravers and every detail of the making of a newspaper are shown. Besides the many Oakland people may see themselves, as the crowds at the dedication exercises were also taken by Byers' camera.

The film will be shown in connection with interesting programs at the Globe, including comedy pictures and the following: Tonight, Walker Whiteside in "The Belgian," tomorrow night, Theda Bara in "Du Barry," Sunday, Lena Keefe in "One Hour," and Monday, "Who's Your Neighbor?"

TWO SLIGHT SHOCKS ROCK SAN JACINTO

SAN JACINTO, April 26.—Two slight shocks occurred again today, but caused neither alarm nor damage. They were the lightest of the score of tremors since the series of three which half wrecked the business district here, badly damaged many buildings at Hemet, and injured to some extent virtually every home in the two towns.

Wrecking and salvaging had proceeded to the point today where many business places resumed operations, but under difficulties. The office of the Southern California Telephone Company was without a roof, but the wreckage had been cleared away, wires and switchboard repaired and it was planned to operate the exchange there with the sky as a canopy. It was expected most of the local telephone system would be in operation before night.

Drafted Man Weds; Is Sent Back to Jail

REDDING, April 26.—Arthur Shoemaker of Trinity county, who was arrested in this county last month, was brought from the county jail long enough to be married to Miss Elsie Jacks of Cassel. Following the wedding Shoemaker was put back in the jail where he will stay until next Monday, when he will leave with the Trinity county contingent for Camp Lewis. Shoemaker registered for the draft, but never answered his questionnaire. For that reason he was arrested as a deserter and held to go with the next draft call. His reason for marrying was that he had some property and wanted his sweetheart to get it if anything happened to him "over there."

Extra Shows for "Beast of Berlin" at the Kinema

The Kinema management finds that it will be impossible to hold "The Beast of Berlin" over for another week as it must be shown in as many localities as possible during the Liberty Loan drive. Consequently, two days of the Oakland presentation. A complete performance is being given tonight at 10 o'clock while tomorrow is to be a record-breaker for Oakland. At 8:30 a. m. a matinee for the Boy Scouts who have done heroic work in the Liberty loan drive is to be given. At 11 a. m. the regular performance will start, the others at 12, 2, 4, 6, 8 p. m. In the evening, two additional complete performances are scheduled, the first at 10 p. m. and the final one at 11:45 p. m. This the management hopes will give several thousand Oaklanders a final opportunity to see this wonderful expose of humanity's foe.

"The Beast of Berlin"

Picture House Will Open at 8:30 a. m. Tomorrow; Close at 1:30 a. m. Sunday

Two Health Books Free. More disturbances to health are caused by thin blood than you have any idea of. When the blood is impoverished the nerves suffer from lack of nourishment and you may have insomnia, neuritis, neuralgia or sciatica. Muscles subject to strain are undernourished and you may have muscular rheumatism or lumbago. If your blood is thin and you begin to show symptoms of these disorders, try building up the blood with Dr. Williams' Pink Pills and see if the symptoms do not disappear as the blood is restored to normal. Two books, "Building Up the Blood" and "What to Eat and How to Eat," give you the information that you need. They are free. Write for them today to the Dr. Williams' Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills or you can send fifty cents for a full size package by mail, postpaid. Do not pay more. There has been no increase in price.—Advertisement.

San Diego Is Scene of Huge Liberty Pageant

SAN DIEGO, April 26.—The tramp of thousands of feet and martial music from a dozen military bands resounded through the streets here today, when a great military and naval pageant was held. It was the big feature of Liberty Day and thousands cheered the boys in blue and khaki. Following the parade, inspiring addresses were given at the exposition organ. Both San Diego city and county have gone "over the top" in bond sales, but the drive is being continued with unabated fury.

Photo Engraving at TRIBUNE Office.

Fuel Is Curtailed on Burnt Clay Products

Henceforth only in the case of materials urgently needed for building purposes will fuel be allowed for the manufacture of brick, tile, sanitary enameled ware, drain pipe and other burnt clay products, as the result of an order issued by the Fuel Administration, which announces that curtailment of output has been approved by the War Industries Board. Clay products, next to steel, it is pointed out, take up most of the freight space on railways.

ASKS FOR REHEARING. ANTIOCH, April 26.—Dennis Pettas has asked the railroad commission for a rehearing of the commission's decision refusing him permission to operate an automobile stage service between Antioch and Pittsburg, Contra Costa county. Pettas says he has new evidence in support of his application.

Portuguese Society Buys Liberty Bonds

Three thousand dollars' worth of Liberty Bonds were purchased by the Portuguese Council, No. 36, U. P. E. C., the largest California Portuguese organization, at its meeting this week. The organization is composed of Portuguese-American residents of this county.

cision refusing him permission to operate an automobile stage service between Antioch and Pittsburg, Contra Costa county. Pettas says he has new evidence in support of his application.

FIVE BURN TO DEATH.
BOSTON, April 26.—Five men, attempting to save their clothing, were burned to death today when the Brookline bakery of the Henry Blewett Company was destroyed by fire.

will be the manufacture and sale of drugs and chemicals.

This Is the Culmination of the Week of Song Inaugurated by the Liberty Loan Committee, Oakland

FIFTEEN TONS OF BOMBS DROPPED

LONDON, April 26.—More than fifteen tons of bombs were dropped by British aircraft at or upon the disabled former German battle cruiser Goeben while she lay aground at Nagara Point, in the Dardanelles, last January after a disastrous sortie, says a detailed story of the affair which has just been received here. Two hundred and seventy-five airplane flights were made in an attempt to complete the destruction of the warship. Eight or ten airplanes continuously harried the Goeben and Breslau during their sortie from the Dardanelles, compelling them to steer a zigzag course which eventually brought the Breslau into a British minefield, where she struck a mine. Shortly afterward, she was hit by an aircraft bomb and sank. The Goeben, heading for home, also struck a mine and developed a serious list. Aircraft continued to bomb her while she entered the straits and ran aground at Nagara Point. For seven days she remained there, subjected to continual attacks from the British aircraft. On January 29, a British scout machine sighted the Goeben in the Arsenal dry docks at Constantinople.

D. H. Kilnefelter of Oakland, who has just been appointed religious work director for the Y. M. C. A., at the Presidio, tells this story of how a soldier at Camp Kearney put a real punch into religion:

"The soldier knelt by his bunk to pray. A shoe hit him in the hip. Then a fellow jeered at him. He got up and cleaned out the tent, injuring two of his mates so seriously that they took the matter to the captain. An investigation brought out the truth and the captain made the young soldier a sergeant, saying that he wished he had more men with such stuff in them out of which he could make non-com-

missioned officers for his company."

SEND PHOTOGRAPH FOR SUBMARINE CHASER.

Here's an appeal from Sam C. Houston of 5427 Lockley avenue, Oakland, that will be heeded: "Submarine Chaser, No. 280, Mare Island, Cal., April 23. "Editor TRIBUNE: We, the crew, of the submarine chaser, No. 280, would appreciate it very much if you would publish this letter in your paper and see if there is any kindhearted citizen of Oakland that would be generous enough to donate a small photograph of some kind and some records.

"We are writing this to you as the majority of the boys are from Oakland. Thanking you in advance for the crew, I am, respectfully yours,

"SAM C. HOUSTON, "Machine's Mate, Second Class, Submarine Chaser No. 280, Mare Island, Cal."

CHEER BOYS AT FRONT WITH LETTERS FROM HOME.

"Do write often to me. I've not known before how one can long for letters."

These were the last written words of Miss Marian C. Crandall of Alameda, sent to her brother a short time before she was killed in France by a German shell.

Coming as it from the dead, the plea is emphasized. Letters from home! The boys "over there" say they are willing to go up against hell itself if they are fortified with the courage that comes only in envelopes from the folks "over here."

Miss Crandall crossed the Atlantic on the same steamship with Miss Winona C. Martin, the first woman to die in active service for democracy. Miss Martin was killed in an air raid on Paris. The two had become fast friends and planned to serve together at the front.

HAS GREAT PLAN TO MAKE HUNS SCRAITCH.

Poison oak, the bugaboo of picnic parties and campers, may at last come into its own and in doing so will win the allies if the suggestions of Police Corporal Joseph Wallman are put into operation.

Wallman recently adopted the theory that blondes are more susceptible to the poison than persons of different coloration. On a picnic three out of a party of four were poisoned, and Wallman conceived the idea that the California shrub might be used to good effect against the blonde Hun.

Set up a factory and extract the poison out of the plant. There is enough of the poison oak in California to keep the supply sufficient for the purpose. They ship it to the trenches. Use it in squirtguns, after the fashion of liquid fire, and in bombs to be shot from cannon and dropped upon the Huns by airplanes. When the Huns become afflicted with the poison oak malady they will be too busy scratching that they won't have time to shoot or to think about anything else and they will be at the mercy of the allied troops.

"That's all there is to it."

I am Sincere! Stop Calomel!
I Guarantee Dodson's Liver Tone
Listen to me! Calomel sickens and you may lose a day's work. If bilious, constipated or headachy read my guarantee.

Live up your sluggish liver! Feel fine and cheerful; make your work a pleasure; be vigorous and full of ambition. But take no nasty, dangerous calomel, because it makes you sick and you may lose a day's work. Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel crashes into your bile like dynamite, breaking it up. That's when you feel that awful nausea and cramping. Listen to me! If you want to enjoy the nicest, gentlest liver and bowel cleansing you ever experienced, just take a spoonful of harmless Dodson's Liver Tone tonight. Your druggist or dealer sells you a bottle of Dodson's

Liver Tone for a few cents under my personal money-back guarantee that each spoonful will clean your sluggish liver better than a dose of nasty calomel, and that it won't make you sick. You'll know it next morning because you will wake up feeling fine, your liver will be working; headache and dizziness gone; stomach will be sweet and bowels regular. Dodson's Liver Tone is entirely vegetable, therefore harmless and can not salfate. Give it to your children. Millions of people are using Dodson's Liver Tone instead of dangerous calomel now. Your druggist will tell you that the sale of calomel is almost stopped entirely here.—Advertisement.

MAN SHOT IN HAND NOT TO PROSECUTE

Unless the San Francisco police commissioners take some action in the matter of William Cavanaugh of 1535 Pike street, who came to Oakland Wednesday evening and shot his brother-in-law, William F. Edwards, through the hand during a family quarrel, according to the Oakland police, he will not have to answer for the offense, the Edwards family refusing to swear to any complaint, according to the police here. An investigation made by Inspectors Hodgekins and Perdue into the shooting has been reported to Captain of Inspectors Green. According to the report Cavanaugh visited the Edwards home at 675 Thirty-first street with his daughter, Bernice, 7 years of age. He became involved in an altercation with Edwards over money matters and is said to have threatened Edwards with his revolver. With the assistance of his son, James, 19 years of age, Edwards succeeded in disarming the belligerent policeman, but during the melee the weapon was discharged, the bullet penetrating his left hand. He will probably lose a finger. Cavanaugh left the house, later T. F. Healey of Berkeley visited the Edwards home and obtained Cavanaugh's revolver. The circumstances of the affair have been reported to the San Francisco department.

ARREST FIVE IN PRAEGER CASE

EDWARDSVILLE, Ill., April 26.—Seven men were being sought today on indictments charging murder in connection with the lynching of Robert Praeger at Collinsville three weeks ago. Five of the men were in jail here. Four were released on bail. The seventh man, a Chicagoan, was charged with assistance for failure to interfere with the mob.

The five under arrest are Joseph Riegel, Wesley Beaver, William Brockmeyer, Elmer and Richard Dukes. Beaver, Elmer and Richard Dukes, been indicted for participating in the East St. Louis race riots. He had evaded arrest on that charge.

Thirty-seven witnesses were named by the grand jury, including 18-year-old Maida Gilmore, whose testimony was said to have involved her father.

Federal and state operatives under direction of Governor Lowden combed the mining district today for disloyalists to prevent further lynchings.

Lottery Ticket Seller Fined \$200; 60 Days

Ah Sing, who pleaded guilty to a charge of selling Chinese lottery tickets at 475 Eighth street, was today sentenced by Police Judge Mortimer Smith to pay a fine of \$200 and serve sixty days in the city prison. This is the first jail sentence that has been imposed for violators of the lottery laws for several months and since defendants stand trial and are convicted.

Typographical Union Buys \$1000 in Bonds

Oakland Typographical Union has purchased \$1000 in Liberty bonds of the third issue. A similar purchase was made by the union in the second Liberty loan drive.

All "Officer Candidates" to Bear Rank of Sergeant More Than 200 Who Qualified at Camp Lewis Training Are Assigned to Regiments

CAMP LEWIS, Wash., April 26.—Two hundred and eleven successful students at the third officers training camp, which closed here last Saturday, have been assigned to the various infantry regiments and machine gun battalions in camp. The men will all bear the rank of sergeant with the exception that those having higher ratings when they entered the training camp will retain them. All of the students' candidates will be carried on the records of the organizations to which they were assigned Saturday as extra numbers and will appear on the payrolls as "officer candidates."

One hundred and fifty students who were in three artillery batteries have not yet been reassigned for reasons which cannot be published. Those who have been recommended for commissions and who will be attached to the regiments designated in the orders as released for publication follow:

MacMillan, Dickson F. Maddox, Charles R.

BENEFIT TO AID BRAVE POLICEMAN

Corporal Herman O. Rumetsch, who has been confined in the Providence hospital since last November, when he was shot through the chest by an insane man in Melrose, and who has been at the point of death many times since, will be given a benefit under the direction of a number of his friends in the Police Department and about the city on the evening of May 13. At that time it is planned to hold a boxing contest in the municipal auditorium and to turn over the proceeds to the wounded officer.

The plans for the benefit were arranged last night at a meeting held in the office of Commissioner F. F. Jackson when a large number of Corporal Rumetsch's friends were present. In addition to the boxing contests there will be a sumo or at least a stunt contributed by amateur athletes.

The city paid the expenses of the injured police officer's illness until such time as the charter provisions prevented further payment of hospital bills.

Board of Health to Drive Out Mosquito

Under the direction of the city health department, a drive on the habit of the mosquito is being planned to take effect immediately. All low lands, and stagnant pools in creeks among the hills, will be sprayed with crude oil to destroy the larvae. The work will be done under the direction of John Justice, sanitary inspector, assisted by a large corps of deputies.

ON "REVOLUTIONARY IDEALS." Maurice Fruit will speak at Lincoln Hall, 411 Thirtieth street, Sunday evening at 8 o'clock. His subject will be "Revolutionary Ideals." The meeting will be under the auspices of the Socialist party and admission will be free.

and we will deliver a Victrola to your home

Soldierette Company to Form at Capital

SACRAMENTO, April 26.—Sacramento is to have a company of soldierettes, a military organization made up of girls and women. Captain E. A. Brown of the Sacramento Home Guards will be drill-master of the company.

The full military drill instruction, including the manual of arms, is given. It is probable that the guns of the home guards will be loaned to the military maids. Khaki uniforms will be worn by the girls.

Sardines to Be Held for Government Use

LONG BEACH, Cal., April 26.—Sardine packers here have been directed by the United States government to hold sixty per cent of their pack for government use. The remaining forty per cent may be sold to the trade.

The orders received here provide that 35 per cent of the pack will be taken by the government as it is prepared and 25 per cent must be held for future purchase.

"A New Suit—and Hat—and Blouse—All at Once, Esther!"

"Isn't that glorious—the very first time in years when I've had a complete outfit all at once. Used to be when I paid cash, I never got the last of the layout before the first was shabby. Now I do things differently. I buy at Cherry's style shop, and believe me, I dress a heap better than I ever thought could be possible for me. I pay a few dollars more when I choose the clothes and the rest each week, as I earn it. It's the greatest plan ever devised for folks on a salary." Cherry has two stores here—a women's store at 515 13th and a men's store at 523 13th.—Advertisement.

ONE ACRE

will support a family—that is the claim of those who should know.

Certainly

a very few acres will assure anyone's independence in California.

YOU CAN get those acres on easy terms. See next Sunday's TRIBUNE.

Have you bought your Liberty Bonds? If not you have only a few more days to prove your true American patriotism.

A Man's Suit That is a Real Investment for Economy It is \$25

Just the time of the year to buy the needed wash suits for little chaps. Plenty of attractive styles. Sizes 2 to 10 years—in white and fancy patterns. A rare bargain.

Boys' summer underwear, blouses, sweaters, wash neckwear—everything the young chap needs.

KEY MEN OF NATION MAY GO ON STRIKE

CHICAGO, April 26.—If telegraph companies accept the rulings of the Federal War Labor Board there will be no nation-wide strike next week.

President S. J. Koenigk of the telegraphers union stated today. However, anticipating the companies would "refuse to team with the union and government in war work," he said detailed instructions would be given to the members in case a general lockout follows next Sunday's open meetings of union telegraphers. Organization lists have been secret heretofore, members fearing discharge should their union affiliation become known.

The instructions direct telegraphers, if discharged after "organization Sunday," to offer to remain on duty to transact the government's war business. Strike committees are authorized in every city.

"The companies appear to want to force a strike," said Koenigk. "It may be necessary to give them what they want. If a strike should become necessary it will be directed at companies who refuse to subscribe to President Wilson's expressed policies toward unions. It will not be a strike, but merely an extension of the lockout system inaugurated by the Western Union and Postal Telegraph Companies, who have already discharged 150 union operators in face of a charge which is hampering war business."

Thirty thousand persons would be directly affected by a nation-wide telegraphers' strike, it is estimated.

The Quest of Mohammed's Sacred Slipper

A Series of Mystery Stories That Will Set Your Heart Beating Faster.

Will Start in Sunday's TRIBUNE

Saxe Rohmer, Creator of the Fu Manchu stories, has outdone himself in this new series.

The Phantom Scimitar

Is the title of the first of these hair-raising tales.

Professor Deeping, famous Orientalist, stole Mohammed's slipper and fled with it to England. Later he was found murdered, in a room with door and windows locked on the inside. And the scimitar that killed him was found, wet with his blood, in a small unopened box beside him. How did it get there? Who murdered him? How did the murderer get away? Read this and the other weird adventure stories in this remarkable series to learn of the mysterious fate that pursued everybody who touched the stolen slipper.

Strong boys make sturdy men

The health and growth of red-blooded boys give little cause for anxiety. Such boys are bound to be hale, hearty, and forgers-ahead in study and play. Thin-blooded children, on the other hand, lack strength, stamina, and the willingness or capacity to push forward. Their restoration to health and strength must begin with the blood.

Gude's Pepto-Mangan

"The Red Blood Builder"

Poor blood is blood lacking in red cells. Gude's Pepto-Mangan creates sturdy new red cells, and is also a splendid general tonic and appetizer. The capacity of the whole system to absorb life-giving oxygen is greatly increased.

The appetite and color improve, the hollows in the emaciated little bodies fill out. Your children are charged with new vigor and enterprise. Gude's Pepto-Mangan is easy to digest and exceedingly pleasant to take. It is a well-endorsed and prescribed by the medical profession.

FRIENDLY WARNING: There are many imitations of Pepto-Mangan on the market, but you can be sure of getting the genuine if it bears the name "Gude" and is put up in the bottle and sealed package as pictured here. Ask for it by its full name—Gude's Pepto-Mangan. For sale at all drug stores.

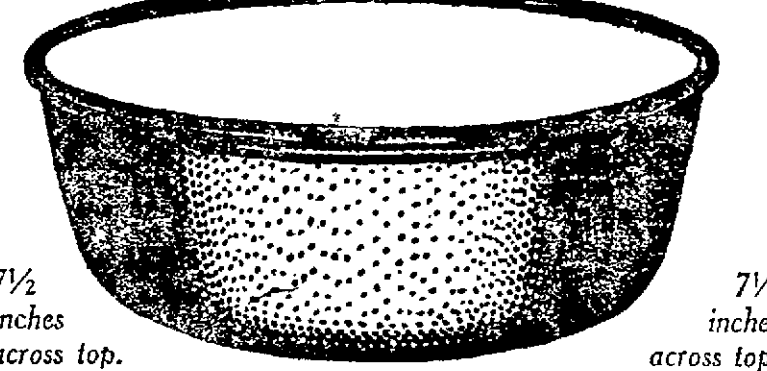

Pepto-Mangan is made only by **M. J. BREITENBACH CO., New York** Manufacturing Chemists

5 Food Law Dodgers Are Fined \$5 Each

Fines of \$5 each were levied in the police court today upon five defendants found guilty of food and liquor adulterations. Bright & Miller pleaded guilty to selling decomposed pressed ham, as did H. C. W. Steinbeck. J. S. Kovacevich was fined for selling adulterated Scotch whiskey. James Mellis of 473 Twelfth street, was fined for substituting catnip, and E. Marre, Tenth and Franklin streets, for selling adulterated peppermint. A Berquist pleaded not guilty to selling adulterated liquor, and will be tried on May 2.

Sure Way To Get Rid of Dandruff

There is one sure way that never fails to remove dandruff completely, and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; massage to loosen the scalp and rub it in gently with the finger tips. By morning, most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.—Advertisement.

FRECKLES

Now is the Time to Get Rid of These

There's no longer the slightest need of feeling ashamed of your freckles, as Othine—double strength—is guaranteed to remove these homely spots. Simply get an ounce of Othine—double strength—from any drug store and apply a little at night, and morning, and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion. Be sure to ask for the double strength Othine as this is sold under guarantee of money back if it fails to remove freckles.—Advertisement.

Cured at a Cost of 25 Cents.

"Eight years ago when we first moved to Mattison, I was a great sufferer from indigestion and constipation," writes Mrs. Robert Allison, Mattison, Ill. "I had frequent headaches and dizzy spells, and there was a feeling like a heavy weight pressing on my stomach and chest all the time. I felt miserable. Every morsel of food distressed me. I could not rest at night and felt tired and worn out all the time. One bottle of Chamberlain's Tablets cured me and I have since felt like a different person." For sale by Osgood Drug Stores.—Advertisement.

Best, safest cathartic for liver and bowels, and people know it.

They're fine! Don't stay listless, sick, headachy or constipated.

Men Welcome Mother's Friend

A Duty that Every Man Owes to Those who Perpetrate the Race.

It is just as important that men should know of proper methods in advance of motherhood. Suffering, pain and distress incident to childbirth can be avoided by having at hand a bottle of the time-honored preparation, Mother's Friend. This is a penetrating external application that relieves the tension upon the muscles and enables them to expand without painful strain upon the ligaments and nerves.

Thousands of women for over half a century who have used Mother's Friend tell how they entirely avoided nervous spells and aches, and preserved a bright, happy disposition that reflects wonderfully upon the character and disposition of the little one soon to open its eyes in bewilderment at the joy of his arrival.

By regular use of Mother's Friend during the period the muscles are made and kept pliable and elastic. They expand easier when baby arrives, and pain and danger at the crisis is naturally less.

You can obtain Mother's Friend at any drug store. It is for external use only, is absolutely safe and would be effective. Write to the Bradford Regulator Co., P.O. Box 184, Atlanta, Ga., for their valuable and instructive "Motherhood Book" of guidance to the expectant mother.

Write to the Bradford Regulator Co., P.O. Box 184, Atlanta, Ga., for their valuable and instructive "Motherhood Book" of guidance to the expectant mother.

GRANDMOTHER KNEW

There Was Nothing So Good for Congestion and Colds as Mustard

But the old-fashioned mustard-plaster burned and blistered while it acted. Get the relief and help that mustard plasters gave, without the plaster and without the blister.

Musterole does it. It is a clean, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders, and yet does not blister the tenderest skin.

Gently massage Musterole in with the finger-tips. See how quickly it brings relief—how speedily the pain disappears.

Use Musterole for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds of the chest (it often prevents pneumonia).

50c and 60c jars; hospital size \$2.50.

Oakland Lady's Operation Not Successful

"16 years ago I was operated for appendicitis, and later operated again for gall stones. Neither did me any good and I suffered all kinds of torture since. Five years ago I took Mayr's Wonderful Remedy and have felt no symptoms or pain since. All stomach sufferers should take it." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Osgood's Dept. Drug Stores.—Advertisement.

Makes the Complexion Beautiful SOFT AND VELVETY. Money back if not entirely pleased.

Nadine is pure and harmless. Adverts mail washed off. Prevents sunburn and return of freckles. A French cosmetic of proven excellence. Popular in Paris, New York, London, and elsewhere.

FOR THROAT AND LUNGS A Calcium compound that will bring relief in most acute and chronic cases. Provided in handy form, a basic remedy highly recommended by science. Contains no harmful drugs. Try them today.

50 cents a box, including war tax. For sale by all druggists. Johnson Laboratories, Philadelphia.

Leona La Mar, Reader of Minds, Accepts Challenge

Come to Business Office of Tribune and Witness Tests

Leona La Mar has accepted The TRIBUNE challenge. "The Girl with the Thousand Eyes" will undergo The TRIBUNE tests Saturday at 12:30, in the business office of The TRIBUNE.

She says she can actually read men's minds, and can see into the future. She so advertised in The TRIBUNE yesterday. The newspaper has challenged her to make good, before any who care to watch the test.

Tomorrow at 12:30 o'clock, Leona La Mar will, in the business office of The TRIBUNE, face an investigating committee picked by the newspaper. Shrewd reporters, business men, scientists and physicians will be present on the committee appointed by The TRIBUNE to make the tests. Professional magicians will be on hand to expose her if trickery is used.

The general public is invited to be present to watch the tests.

There will be room for YOU.

There will be room for ALL.

Unless Miss La Mar can make good The TRIBUNE will accept no more of the advertising for her coming week's engagement, opening Sunday, at the Oakland Orpheum.

If Leona La Mar can make good, The TRIBUNE apologizes for doubting her. But when one advertises that she actually can hear the human mind as if it could speak this paper must be shown before it can print such claims.

Saturday at 12:30, in The TRIBUNE business office at Thirteenth and Franklin streets, every one in Oakland is invited to see Leona La Mar attempt to tell the inmost thoughts of the subjects to be chosen by The TRIBUNE. These will be picked from the crowd.

The scientists and investigating committee will impose any conditions they see fit.

Can Leona La Mar make good.

Come yourself and see. You are to help judge.

TRIBUNE office.

Tomorrow at 12:30 o'clock.

All welcome!

MRS. SKEFFINGTON, DISCIPLE IS JAILED

SAN FRANCISCO, April 25.—John Redmond, 29, a resident of the city, yesterday night at her meeting at the Knights of the Red Branch hall until she was interrupted by the police. All day yesterday he meditated about what she had said about the Knights of the Red Branch.

Orders to suppress all meetings similar to that held Wednesday night at the Knights of the Red Branch hall were issued today by United States District Attorney John W. Preston to Don Rathbun, special agent of the Department of Justice.

Preston announced that he is awaiting instructions from Washington as to what measures shall be pursued in regard to Mrs. Skeffington, who was taken from the hall by the police, but was not placed under arrest. Preston is also preparing to proceed against a number of disloyalists concerning whom he has obtained evidence.

"I shall not seek my release on bail, nor employ counsel," declared Mrs. Skeffington when asked as to her course should she be arrested. "I shall merely go on a hunger strike if I am placed in jail."

"I wish to deny that I was roughly treated by the Government officers when they took me from the hall. They treated me with every courtesy."

Rev. William Short, arrested at the same meeting, is being held on \$10,000 bail for hearing Monday on a charge of sending seditious matter through the mails.

"Man With Hobby" to Speak in San Francisco

Edwin R. Jackson, University of California graduate and the "man with a hobby," will lecture tonight at the Mission hall, Eighteenth and Polaris streets, San Francisco, on "The Flying Line in Lincoln and Wilson's Time."

Jackson's hobby is the collection of war pictures, of which he is said to have the most remarkable collection in the country.

Among his collection, Jackson has original photographs of Lincoln, battles of the Civil War, portions of Custer's massacre, the Boer War, the Chinese-Japanese war, and hundreds of vivid pictures taken during the present struggle in Europe.

He has also great numbers of historical documents, letters, military passes and other data. The lecture will be under the auspices of the architectural department of the Technical Division of the Humboldt evening high school.

Oliver Ellsworth Reappointed Mayor

PIEDMONT April 26.—Oliver Ellsworth was reappointed Mayor of Piedmont by the re-elected city trustees, who took office last night. The trustees are Clarence F. Moore, Walter A. Starr, and Fred A. Grinnawood. Municipal officials reappointed last night are: B. F. Becker, chief of police; W. C. Little, city clerk; E. C. Prather, city engineer and superintendent of streets; Gerard N. Richardson, city attorney; Arthur W. Moore, city treasurer; G. T. Burchaell, building and sanitary inspector; Dr. Benjamin Mouser, health officer.

Two Are Hurt When Street Cars Collide

Two persons are suffering from hurts incurred when two street cars collided head-on at Thirteenth street and Broadway last night, causing a panic among the passengers. J. Cranter, of 233 Twenty-second street, a passenger, was cut by flying glass, and F. T. Marshall, of 1280 Cornell avenue, Berkeley, suffered a crushed finger.

The accident was caused by a southbound College avenue car running into an open switch and striking the front of a northbound Richmond car at the intersection of the two streets. The fronts of both cars were considerably damaged.

LEONA LA MAR

BELGIAN SOLDIERS PRAISED BY KING

WASHINGTON, April 26.—Lieutenant-General Gilliam, chief of the Belgian general staff, has addressed a proclamation to the Belgian army in King Albert's name, recognizing the heroic and victorious defense against the German assaults on the Kempe-Langemarck front. It was cabled to the Belgian legation as follows:

"Soldiers: In October, 1914, the king said to you: 'It is your duty to uphold by the tenacity and bravery of which you have given manifold proof, the reputation of your arms. Our national honor is at stake.'"

"You have responded to the summons of your king by a stubborn and victorious defense of the positions on the Yser, henceforth historical."

"Soldiers! The king relies on you! You will prove worthy of your brothers. Hence, this indomitable resistance to the invaders' yoke calls forth the admiration of the entire world. The Yser must remain the insuperable obstacle against which the enemy attacks will be in vain."

Military Spirit Rules in Nebraska Town

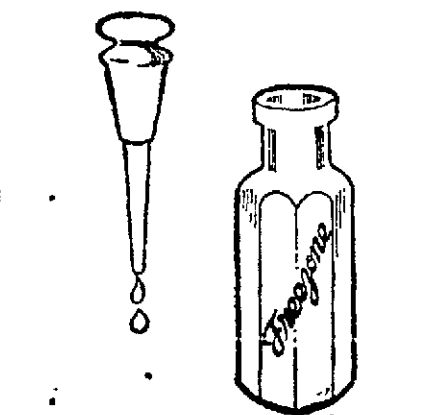

TERREHAR, Neb., April 26.—Military rule was declared here and stores were allowed open until 6 p. m., while home guards drilled in people who had not shown patriotism and forced them to buy American flags. Subscribers to German language papers were forced to cancel their subscriptions. During the day a Red Cross sale was held which netted \$50,000 enthusiasm running so high that following the playing of the "Star-Spangled Banner" the "tune" was auctioned for \$1000.

Lift off Corns, Magic! no Pain

Drop Freezone on a touchy corn, then lift corn off with fingers

Drop a little Freezone on an aching corn, in time that corn tops hurting, then you lift it right out. It doesn't pain one bit. Yes, magic!

Why wait? Your druggist sells a tiny bottle of Freezone for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without soreness or irritation. Freezone is the much talked of other discovery of a Cincinnati genius.—Advertisement.

Heal Skin Diseases

It is unnecessary for you to suffer with eczema, blotches, ringworm, rashes and similar skin troubles. A little Zemo, obtained at any drug store for 35c, or \$1.00 for extra large bottle, and promptly applied will usually give instant relief from itching torture. It cleanses and soothes the skin and heals quickly and effectively most skin diseases.

Zemo is a wonderful, penetrating, disappearing liquid and is soothing to the most delicate skin. It is not greasy, is easily applied and costs little. Get it today and save all further distress. The E. W. Rose Co., Cleveland, O.

2 WOMEN, 1 MAN IN MARITAL TRIANGLE

SAN FRANCISCO, April 26.—Two women claim Charles Overington, 990 Geary street, as their husband. Mrs. Lucille Overington, who has an adult son by a previous marriage, was married in Portland eight years ago to Overington. At that time, she alleged, he told her he was a widower. Mrs. Emma Overington, the other woman in the triangle, claims to have been Overington's wife for the past 12 years.

Yesterday the second Mrs. Overington served her alleged much-married spouse with a citation from the bond and warrant clerk's office to appear and show cause why he should not be arrested on a charge of bigamy. The trio met last Saturday, when the warrant was first asked for. It developed at that time that the elder Mrs. Overington had lived within two blocks of the second Mrs. Overington in Los Angeles for more than two years.

The younger woman declares revenge actuates the motives of her elder rival. She says:

"She has hounded him for forty-two years. She forced him into marrying her in the first place, when he was but 18 years old. She claims she has five children. I do not know. When I married Mr. Overington in Portland, he told me he was a widower. Then when we lived in Los Angeles she appeared on the scene. She said Saturday that she did not want money, only him. She says she loves him. The truth is that all she wants is to humiliate me. She used to say that she divorced him and the records were burned in the San Francisco fire. Now she says he never was divorced. The whole trouble is that he cut off her allowance about a year ago."

Danger Is Seen on Northern Battle Line

WASHINGTON, April 26.—Army men viewed the northern end of the western battle line today as presenting more danger elements than the struggle in the Amiens sector.

Reinforcements, sufficiently strong apparently, have been thrown into the Amiens battle, but there appeared to be more weakness in the British front to the north.

Recapture of Villers-Brétouneux by the English and Australians showed that the Germans had had only a slim grasp on it, but it is likely there would be further bloody fighting there, and it is possible that it will change hands more than once again.

Snake Starts Fire, But It Is Rescued

CINCINNATI, April 26.—When waiting upon a customer in the grocery department of a large store here, Miss Edna Meader, clerk, saw what she thought to be a banana fall from a stem of bananas hanging in the store and, picking it up, encountered a snake.

She became so frightened she darted back suddenly, striking a stove, knocking it over and throwing hot coals upon the floor, which became ignited. So badly frightened were customers in the store at the sight of the snake they dashed from the building without extinguishing the fire.

German Newspaper Forced to Suspend

EVANSVILLE, Ind., April 26.—The Evansville German Demokrat, a daily paper in existence fifty-four years, will suspend publication after its next Sunday issue as the result of a meeting of protest of two hundred business and professional men of the city. Suspension of the paper was demanded by those at the meeting because of an advertisement calling upon the German reading public to support the paper because it stood for "Deutschum and its holy rights."

Fred Lauenstein, publisher, attempted to justify the advertisement by saying that "Deutschum" meant German characteristics, manners or customs, and not Germanism or German patriotism.

College Head Given Full Power to Oust

SEATTLE, Wash., April 26.—Power to dismiss any member of the faculty or any employee of the University of Washington, was conferred upon Henry Suzzallo, president of the university by the board of regents of that institution. The resolution giving President Suzzallo this authority provides that he may dismiss any person connected with the university "whom he may deem lacking in that loyalty which the state has the right to demand of officers and employees of the government."

The Right Laxative For The Little Ones

The natural condition of a child is to be happy and carefree. When the girl mopes and is indifferent to school and study, or the boy is sullen and refuses to go out and play, the child needs a laxative to empty the bowels and stir up the liver.

But something should be given that will produce the result in as simple and natural a way as possible. Harsh cathartics and physics are neither necessary nor desirable.

Many mothers have found that the combination of simple laxative herbs with pepsin sold by druggists under the name of Dr.

Caldwell's Syrup Pepsin produces a free movement of the bowels without griping. A very little is required, and it is pleasant to take. A few hours after its use the child will be its happy self again.

It is an excellent remedy for the mother herself, and for the other members of the family, in obstinate or occasional constipation, for the relief of headaches, as an aid in colds and fevers, minor skin eruptions and all disorders where the basis of the trouble is constipation.

The druggist will refund the money you pay for Syrup Pepsin if it fails to do as promised.

Dr. Caldwell's SYRUP PEPSIN The Perfect Laxative

NO INCREASE

In spite of enormous increased laboratory costs due to the war the manufacturers of Dr. Caldwell's Syrup Pepsin are sacrificing their profits and absorbing the war taxes so that this family laxative may remain at the pre-war price of 50c and \$1 a large bottle. So sold by druggists for 26 years.

FREE SAMPLES

Dr. Caldwell's Syrup Pepsin is the longest selling liquid laxative in America. If you have never used it and would like to sample it before buying, send your address for a free trial bottle to Dr. W. B. Caldwell, 466 Washington St., Southfield, Ill. (If you have babies in the family send for a copy of "The Care of the Baby.")

San Pablo
Avenue

Grossman's

We take this opportunity to express our appreciation of the tremendous response of Oakland's shopping public to this sale. So great an interest has been evidenced throughout that we will continue it for a longer period than originally planned.

\$14.40

Specially Selected

Coats Suits Dresses

At the moment of the preparation of this advertisement we are unpacking several cases of new purchases to be added to this remarkable sale. Being a comparatively new store, seeking to establish itself firmly in the confidence of Oakland's shopping public, Grossman's must depend upon the values it offers to win both patronage and confidence. This unusual offering of "up-to-the-minute" apparel at the unprecedented price of \$14.40 has been planned to fasten Grossman's at No. 1440 San Pablo Avenue, firmly in your mind, as a house of dependable values.

THE COATS offer distinctive styles in a wide choice of materials and colorings. Silvertone fabrics, wool poplin, Burella cloth, Cheviot and Tweed are all represented. Coats suitable for every occasion of dress or service will be found included in this sale.

THE SUITS include an attractive variety of popular models, both severe and dressy. The materials offer the ever popular and serviceable serge, black and white checks and novelty fabrics. Many desirable colors are represented in the collection.

THE DRESSES provide everything that is desired for the practical one-piece costume,—attractive models in serge, Taffeta, Foulard, novelty plaid and check silk, besides an attractive selection of frocks for evening wear.

FRIDAY, APRIL 26, 1918.

WHO IS TO BLAME?

Of the Alameda county communities the follow-
ing have earned the Liberty Loan honor flags by
subscribing their quotas:

Berkeley, Livermore, San Leandro, Centerville,
Pleasanton, Alvarado, Niles, Irvington, Mission
San Jose, Warm Springs and Emeryville. These
cities and towns are going on with their work and
turning in over-subscriptions.

At the close of business yesterday Alameda city
had subscribed \$210,000 of a quota of \$481,725.
Hayward \$158,800 of a quota of \$217,050, and Oak-
land \$3,781,650 of a quota of \$6,860,475.

Oakland is over \$3,000,000 shy on subscriptions
to the third Liberty Loan. It has not taken up two-
thirds of its quota.

A city is its people: a city's reputation, character
and performance of its duty is in the keeping of
its people.

What are the citizens of Oakland going to do
with reference to the Liberty Loan? Alameda and
Hayward are in striking distance of their quota
and apparently can "go over the top" when they
are ready. When the accounts of today—Liberty
Loan day—are balanced they will be near the top
or over.

Oakland will not be so fortunate. Oakland is not
yet within the safety zone.

Oaklanders, buy bonds and put the city over and
help other citizens put the nation over! There is
absolutely no excuse for the man or woman with
money to invest for not loaning it to the govern-
ment at 4 1/4 per cent interest. Those with money to
invest, money in large sums that they do not need,
are falling down on the job.

This is the moment when dead patriotism must
come to life and noisy proclaimers of patriotism
must back up their words with dollars.

SAVE THE FLOUR.

In accordance with the request of the United
States Food Administration, operators of the lead-
ing hotels and restaurants of the bay district have
agreed to serve no bread containing wheat products
except upon specific request of the customer. This
is a commendable attitude for the hotel and res-
taurant men to assume. The rule is designed to
save flour needed for our allies and the troops
overseas, and no act should be omitted by any
public caterer, any family or any individual that
will aid in achieving the maximum of saving of
wheat products.

It cannot go unnoticed, however, that the hotels
and restaurants show more enthusiastic alacrity in
enforcing a food administration rule which saves
them expense and service than they do toward those
requests that merely require a change of menu and
shifting of effort. The bread-saving ruling will not
mean a reduction in the prices of meals in any of
the eating places; on the contrary, some of the
hotels already have inaugurated a charge for
bread, when ordered.

The requests which the hotels and restaurants
have ignored include those for free potatoes at
meals and encouragement of the consumption of
corn bread. Both these requests were also designed
to save flour. It would be unfair to charge all
caterers with indifference toward orders that do
not mean a saving of expense: a few of them, notably
the larger hotels, instantly responded to the corn
bread proclamation. But the majority have done
nothing to encourage the consumption of either
potatoes or corn bread.

Cooperation with the food administration, or
with any other department of the government,
should not be based on profits alone. It should
signify an unselfish desire to help.

CHANCE FOR VOLUNTEERS.

The United States Marine Corps, which has
already been trebled in numbers since war was de-
clared, has been authorized to increase its per-
sonnel by another 45,000 men through the enact-
ment of the naval appropriation bill. This will
bring the strength of the corps to 75,000 and enable
it to maintain at least a complete division in
France.

All enrollments in the Marine Corps are volun-
tary and the present strength of 30,000 has been

obtained without conflicting with the draft law or
absorbing any of the men that were desired for
enlistment in the draft armies. The commandant
of the corps has issued an order that the new in-
crement of 45,000 is to be obtained also by voluntary
enlistments. The main source of recruits is the
young men who have become 21 years of age since
last June and hence have not registered under the
selective draft act. They have the privilege of join-
ing the Marine Corps or any other branch of the
service voluntarily until ordered to register with
the draft boards. After that they will be subject
to draft into the national army.

The marines were with the first division to reach
France. Their motto and the history of their deeds
is "first to fight." The foreign contingent will be
increased as rapidly as the men are ready for
service, so the opportunity to get into the actual
fighting at once is very favorable. The increases
in enlisted personnel will require the creation of
over 800 new officers, and the commandant of the
corps has determined that these shall be selected
from the ranks, which means also opportunity for
rapid promotion for enlisted men who can meet the
required mental and character tests.

THE NEW SPIRIT IN BUSINESS.

That a new spirit has entered into American busi-
ness was strikingly disclosed at the sessions of the
fifth National Foreign Trade Convention, held last
week at Cincinnati. A perusal of the many reports
and papers read at the convention shows that the
industrial and commercial leaders of the country
have a much broader comprehension of their several
and joint problems than they had a year ago. They
are now looking at these problems with a higher
appreciation than ever before in evidence of the
value of cooperation between the different units of
an industry, between the different classes of busi-
ness and industry, and between business and the
government.

That the war has taught the helpful lesson of
leverage which may be obtained from cooperation
was the view expressed by President Bedford of the
Standard Oil Company and echoed by the other
delegates. An editorial correspondent of the New
York Journal of Commerce includes the following
in his observations of the convention:

"The record of industrial achievements during the
war was brought out in a series of reports on the
contributions of various factors of foreign trade
to the progress of the war program. These covered
textiles, lumber, chemicals, automobiles, finance,
metals, oil, agriculture and coal, and in each case
the striking fact appeared of the devotion of these
industries without reserve to the single end of de-
feating Germany. The disappearance of the petty
competition of the past and the substitution there-
for of a get-together spirit, the ready subjection to
a degree of government control and regulation
accelerated by the war and a growth in efficiency
through co-ordination of effort were features of the
record."

While the convention ostensibly included only
interests concerned in foreign trade, the discussions
went far beyond this subject. They went deep into
general business conditions and prospects and
showed that the spirit of cooperation is expected
to play an important part in increasing productive
capacity and distribution efficiency. And while there
was a unanimous recognition of the duty of business
to cooperate with the government in winning the
war, that winning of the war is the most important
business of the day, there was a determination to
pursue a policy of independence of government
support after the war is over. "We cannot depend
on being helped to our place in the world's trade,"
said one delegate, and another "American export
trade after the war will require no favors nor
paternalistic direction from the government."

The delegates to this convention included the
most far-sighted and successful business men of the
United States. Their conclusions may safely be
said to represent the best intelligence of the busi-
ness and industry of the country. And their main
conclusion is that American trade will obtain and
hold its rightful place in the world's export busi-
ness after the war. As one delegate put it:

"Our new responsibility in the world's trade has
been forced upon us. Our success in it must be
fought for and won. This cannot be done by follow-
ing German methods, or British or Japanese
methods. It will be attained, if at all, only by bet-
tering these methods. The resources for accomplish-
ing this rests in our hands."

It is significant to the communities at the shore
line of the greatest port in the Pacific ocean that
the producing and trading interests of the country
are planning a campaign to put the country at the
top of the list of nations engaged in foreign trade.

The Tribune a few days ago explained the advan-
tages to foreign commerce expected from the
recently enacted Webb-Pomeroy law permitting
cooperation between exporters. We now observe
that business and industry is thoroughly aroused to
the opportunity of obtaining a commanding position
in the foreign markets.

This will mean greater use of the ports and ship-
ping facilities. When tonnage is released from war
duty in the Atlantic the attention of business will
be turned to South America and the Pacific basin.
Will this port be ready to meet the new demands
and to take advantage of the opportunities to be
offered? If so, now is the time to prepare.

Premier Czernin of Austria was dismissed from
office because Premier Clemenceau of France proved
that his statement that France had sought to open
peace negotiations was a lie. Emperor Charles has
promised to give Czernin another post, however,
which probably will be a reward for his lie to the
Russians at Brest-Litovsk when he promised a peace
without annexations or indemnities.

NOTES and COMMENT

There is an authenticated case at
last of ground glass in human food.
That fact having been ascertained,
the next thing is to place the respon-
sibility and then to administer the
consequences.

Holland literally occupies the pos-
ition described by the saying, "Be-
tween the devil and the deep sea."
But Holland has had experience sim-
ilar to that now threatened by the
Huns. The Spaniards once overran
and devastated the country and she
did not give in.

Argentina is surprised that Ger-
many expects her to join the allies.
At least that is the report. If it is
true Argentina is almost the only
country in this status which has been
accorded a warlike purpose while en-
tertaining none but pacific intent.

The President succeeds in suppress-
ing the bill which would declare war
against Turkey and Bulgaria, an ac-
tion which is not comprehended by
the general public. From the outset
these countries have been at war with
the United States to their fullest
ability.

The bitterness against the Hun is
visibly growing. The testimony of
returned soldiers as to Hun ruthlessness,
passing all civilized bounds, is
one of the agencies that account
for it.

The demand for second-hand jew-
elry, judging from the advertisements
published in the effort to gather it
up, has something behind it that is
not apparent to the general public.
The guess is that it is due to some
exigency of the war.

Supplementing the stampede of
proprietors of cafes and public res-
orts to shed their German signboards
many who bear distinct German cog-
nomen are seeking permission of the
courts to change to more American
and often more pronounceable names.
The trend toward the Americanization
of the country is distinct and strong.

"Pupil suspended for not saluting
the flag." Which does not mean in
the way the Collinsville man was sus-
pended, but that privilege of the
schools was denied. Incidentally the
important thing would seem to be an
investigation as to the pupil's environ-
ment, the influences that surround
him and that must be responsible in
large degree for such attitude.

The testiness with which a charge
of being a Prussian is denied, at the
same time that acknowledgment is
made of being a Bavarian, is a differ-
entiation that may not be generally
understood by Americans. But it is
well understood by Teutons.

The Santa Rosa Press-Democrat ex-
presses an opinion that somehow, it
looks rather odd of proportion to build
the biggest gun in the world just to
kill babies with.

This comes pretty near to being a
giveaway for the Santa Rosa Repub-
lican man: "We have known of men
who in the interests of economy would
walk to save carfare and spend only a
dime on lunch, but would bet \$5
on a low pair in a poker game."

Candid sign on a St. Louis store:
"Business is rotten. I simply must
raise a bunch of money, so here goes.
\$20 suits for \$14.90."

The Redding Searchlight finds an
item down this way: "An assayer in
San Francisco whose skin turned
color from his work with minerals
has awarded \$1 damages. With that
he can buy a bottle of new skin and
be quite like himself again."

Interesting returns found in the
Statian Record, as to one food sub-
stitute: "Honey bears the possession
of two barrels of bill posters' paste
in Fresno. Paste these days is made
of flour substitutes—at least in this
shop. It isn't so all-fired good as
paste, but it may be good bee food."

SPIRIT OF THE STATE PRESS

According to Sergeant Carl Lund-
quist, the latest fad is for a girl to
rouse her lips and then kiss a letter
which she sends to her soldier sweet-
heart. The librarians, known as
"kisses," appear in brilliant red all
over the epistle. Sergeant Lundquist
recently received a letter with so
many of the red marks on it that the
writing was entirely covered up and
he couldn't tell which one of fifty girls
it was from.—San Diego Union.

Rice planting seems to be increas-
ing rapidly in the valley. It is claimed
that there will be 10,000 more acres
planted in Butte county this season
than ever before. The early ripening
varieties are now much sought after.
Between Biggs and Richville at the
governmental experiment station the
varieties have all been tested and the
early varieties were chosen.—Colusa
Sun.

A report appearing in a San Fran-
cisco paper to the effect that fruit
crops of Sutter county have been
ruined by frost was both unwarranted
and untrue. The alleged report
was not sent in by the local cor-
respondent and apparently was a yarn
 spun by a correspondent in some other
county with the idea of damaging the
reputation of our neighboring county.
—Marysville Appeal.

A public prosecutor says house-
stealing has died out, and auto-stealing
has taken its place. In the good
old days the man who stole a \$100
horse was lynched. Nowadays nobody
ever dreams of stringing up his suc-
cessor in crime, who steals a \$1000
automobile. He gets off with a few
days in jail, and many a car owner
sighs for the good old days.—Santa
Rosa Press Democrat.

From the publicity department at
Washington we have received a little
pamphlet entitled "One Hundred Ger-
man Lies." And (you may be sur-
prised to know it) we have heard
some of those same lies repeated in
Avalon. The publicity department at
Washington wants any new lies that
may be put in circulation and the
name or names of the circulators.—
Avalon Islander.

"See, my friend, what the good German sword has done for you!"

NOT THEIR FAULT

To the Editor of The Tribune:

If Oakland, the city we have all
felt so proud of in the past, the city
which has grown to take its place
with the big cities of the nation, fails
to go "over the top" in the drive for
the third Liberty loan bonds, it will
not be the fault of some of our alien
citizens.

The Chinese, Japanese and Italians
have certainly proved themselves loyal
to the fullest degree in buying bonds.
Especially is this true of the Italians,
who have come to the front in fine
shape. In nearly two-thirds of the
windows of the Italian quarters of
this city you will see displayed
the little flag which designates that
the owner has bought a Liberty bond.

In the name of liberty and justice,
fellow citizens, awake before it is too
late to stave off the stigma of defeat.
Think of how Oakland will have to
bow her head in shame if we fail to
even subscribe to our allotted quota
of bonds. It will be known all over
the country that Oakland, with all
her wealth, failed to show enough
patriotism to back up her fighting
sons by buying Liberty bonds. This
would be a defeat that can never be
explained and our fair city's name
would be clouded with shame.

Is it possible that these alien citi-
zens of ours know what a priceless

thing liberty is in a clearer sense
than we who are born and raised
here? Is it because they love this
adopted country of theirs better than
we, its natural born citizens, or is it
because they know by experience that
this is the only country where there
is real liberty and freedom for one
and all?

Perhaps, on the other hand, we
have enjoyed liberty and freedom so
long that it is well nigh impossible
for us to realize that this liberty and
justice is engaged in a death battle
for existence. That attitude against
us the monster, called autocracy,
cloaked in the form of the Kaiser,
is exerting his every effort to cut
the throat of liberty and drain its very
life blood to the last drop.

Are you going to sit still, fellow
citizens, and watch this precious lib-
erty, which our forefathers fought
and bled for so hard, trampled upon
by Kaiserism? No, of course you are
not, so buy Liberty bonds before it
is too late. Save the name of our
fair city and show you are an Ameri-
can.

STEPHEN BEVERLY SWABEY.

Oakland, April 26.

The most humorous development of
the recent San Jacinto earthquake
was the statement of a neurotic
who had been advised to come to the
San Jacinto valley as a cure for his
nerves.—Hanford Sentinel.

TODAY 20 YEARS AGO

Six pieces of artillery were removed
from the University of California
grounds for shipment to the Rock
Island arsenal in Illinois, by order of
the War Department.

Eleven persons were killed in an
explosion in a Santa Cruz powder
mill. A Spaniard told the authorities
at San Jose of a plot to blow up the
mill by pro-Spaniards, but little cred-
ence was given to his story, and it
was believed the explosion was
caused by spontaneous combustion of
nitro-glycerine.

It was decided to hold a Derby day
at the Emeryville race track on May
22, with funds with which to build
a tunnel to connect Alameda and
Contra Costa counties.

The following were elected direc-
tors of the Board of Trade of this
city at its annual meeting: James P.
Taylor, A. H. Breed, M. J. Keller, A.
D. Fryal, E. A. Heron, J. Tyrrel, Sol
Kahn, John F. Towle, Frank K. Mott,
E. W. Marston and J. C. Johnston.

Commenting on the scarcity of
water on account of the 1898 season
being the driest on record in this
county, J. H. T. Watkinson of the
Contra Costa Water Company said
Oakland used 198 gallons per capita
a day, or five times more than was
necessary.

ITALY HAS QUAKE AND VOLCANO

ROME, April 26.—Earthquake lasting a minute were felt at Milan and Bergamo, in Northern Italy, said advices received here today. No damage was done.

Stromboli, a volcano on an island of the same name, is in violent eruption. Large quantities of lava are falling on the eastern part of the island, setting vineyards on fire. Panic broke out among the population and it is feared there were some victims.

Stromboli is a volcanic island in the Mediterranean sea just off the northern coast of Sicily.

Ready For G. A. R. Camp Here Oakland to Receive Veterans

Nearly 2500 delegates from all parts of California and Nevada will attend the fifty-first annual department encampment of the Grand Army of the Republic here May 7 to 10. The transportation committee, headed by W. W. Donham, with headquarters in Memorial hall, at the city hall, is finding it difficult to secure accommodation for the old soldiers and their women folk who will be the city's guests. Upon their arrival the delegates will be taken in charge by special committees and everything will be done to make them comfortable during their stay here.

Besides delegates of the Grand Army of the Republic, representatives will be present from five affiliated organizations, the Women's Relief Corps, the Ladies of the Grand Army of the Republic, the Sons and Daughters of Veterans and the Women's Auxiliary of the Sons of Veterans.

The initial function of the encampment will be held on Monday evening, May 6, when the Ladies of the Grand Army of the Republic will give a reception in the ballroom of the Municipal Auditorium. The Women's Relief Corps will hold the opening session at the First Congregational church, Twelfth and Clay streets, at 8:30 o'clock Tuesday morning, May 7. Carrie L. Hoyt, department president, will give an address, which will be followed by memorial services for deceased members of the department. This session will be open to the public.

The Grand Army of the Republic will also convene Monday and will carry through a heavy business program during the three days.

Grand Army of the Republic night will be observed at the Municipal theater, Tuesday, May 7, with a program of addresses of welcome by civic authorities and others, responses by department presidents, and music. Wednesday, May 8, will be perhaps the biggest day of the encampment so far as entertainment is concerned, starting with a parade of members of the G. A. R. and affiliated organizations and local bodies.

SYKES LOSES SUIT; 'VISION' IS TO MOVE ON

Berkeley had two "visitations" today in connection with the Church of the Living God and its pastor, Rev. Joshua Sykes. While one might bring fear to the timid, for it is a promise of "evil to descend," both are taken with a maelstrom of satisfaction inasmuch as both are indicative of freedom from the church and its attendant disturbances.

The first case Sykes advised his followers to leave Berkeley at once, and in the other the superior court has sustained the demurrer to the suit filed by Sykes to recover \$50,000 from Mayor Irving and Chief of Police Vollmer.

Sykes asserted that he had seen a "vision," in which great disaster is threatened for the city of Berkeley in the immediate future, and has advised his flock to leave Berkeley at once.

It is rumored that Sykes and his congregation will travel on to Colorado, where it is declared that the pastor has found a second "Garden of Eden" in the vicinity of Denver.

PASSES WORD TO MOVE.

Sykes' "vision" was confined to members of his congregation this week and the word to move from the college city has been passed among members of the flock. As a result members of the church still remaining in Berkeley after the exciting events of last week during which the church's tented tabernacle was burned to the ground by Berkeley citizens, are now preparing to leave for other localities.

It was as the result of a similar "vision" that Sykes founded his Church of the Living God some years ago. He declared that a spirit descended from heaven and anointed him with divine power to lead the people of this earth to the heavenly gates.

As yet there have been no indications of a threatened suit for damages against the city of Berkeley for the destruction of the tabernacle erected by Sykes. Sykes and his family are believed to be at present in Richmond, while other members of the congregation have sought seclusion in Oakland.

SUSTAINS DEMURRER.

Although Attorney Theodore Bell compared the Berkeley "Church of the Living God" to the Congress of the United States, and declared that Apostle Joshua W. Sykes had the same right to demand reparation in the courts that a member of Congress would have if Congress were attacked in an affidavit for its bad reputation, Judge W. S. Wells today promptly sustained the demurrer and threw the suit out of court.

The matter grew out of the affidavit filed with the county clerk by the mayor and his chief of police in connection with the claim for exemption of certain members of Apostle Sykes' flock. Exemption was claimed on the ground that the men were members of a "well organized and recognized" religious sect, as provided by the military service regulations.

The affidavit presented by Mayor Irving and Chief of Police Vollmer asserted that the reputation of the church for peace and quiet and for morality was bad. City Attorney F. D. Stronachman demurred to the complaint on the ground that the affidavit was in fact a privileged communication, and that an action for libel, even though it contained libelous statements, would not hold.

FEDERATION TO CAMPAIGN IN COUNTY

The Alameda County Federation, a political organization, with headquarters in the Sydnalco building, has issued Bulletin No. 1 in which it announces its intention of beginning a campaign against the incumbent county officials.

There comes a time in every unit of our democratic government when it is the duty of the citizen to elect the best man for the job, declares the bulletin of the federation, "when the political party in power, grown over-bold by reason of years of election successes, reaches a point where it is impossible to justify its further continuance in office. Absolutely indifferent to criticism, their pre-election promises broken or entirely forgotten, its representatives care far more for their political careers than for the interests of the people who elected them, and who pay them for conducting the respective offices in a proper manner. No constructive ideas ever issue from them, and every action taken by them is forced by pressure exerted by popular opinion."

The federation further announces that the Alameda County Federation "proposes to seek out politically clean, competent candidates for county and state offices, to induce them to stand, rather than to run for office, and to bring their names before the voters of this county at an honest election after a clean campaign, conducted solely upon the records of the candidates and the issues involved."

COMMITTEE FAVORED.

Fully alive to the activities of the federation, county officials have organized a committee of a business man's committee to go through the lists of county elective positions and make recommendations for the guidance of the voters. The idea is being made that the energies of the voters in the coming election should not be detracted from the major proposition of winning the war; that a bitterly contested election would divert the interests of the people from that purpose, and that campaign money could better be invested in Liberty bonds.

County officials make the plea that their duties have been increased by recent war conditions, that a campaign would interfere with their work, also contending that a new man would find it difficult to "get the swing of the county" without an appreciable let-up of efficiency.

It is understood that branches of the Alameda County Federation are being organized in Alameda, Berkeley, Piedmont, Hayward, Niles, Livermore, Pleasanton and other towns throughout the county. Back of the federation in Oakland are said to be several separate and active organizations.

LIVELY CAMPAIGN.

From present indications the approaching county campaign will be one of the liveliest Alameda county has witnessed for years. If the plans of the federation are carried out every county official will have an opponent.

For years past incumbent superior judges have been elected in Alameda county practically without opposition. From the list of candidates so far announced the contest this year for superior judges will be one of the most spirited. There will be four vacancies to fill. Judges Quinn and Kotford, recently appointed by Governor Stephens, must both go before the voters for endorsement. Judge F. B. Ogden's term will have expired, and he will unquestionably seek re-election. Judge Ogden has served the people of Alameda county ably and faithfully for twenty years, and is generally picked as an easy winner. The resignation of Judge Donahue makes another vacancy. Should an appointment be made by the governor, the appointee must come up for election.

Among those who are either candidates for appointment at the hands of the governor or who will announce themselves before the people at the August primaries are L. S. Church of Oakland, Judge John H. Murphy of Berkeley, City Justice Robert Edgar of Berkeley, City Attorney A. F. St. Sure of Alameda, which city has no representation on the county bench at the present time; John G. Mattos of Washington township and Judge Samuels of Oakland.

Judge Donahue's resignation does not take effect until May 10. Whether the governor will make an appointment prior to that date is not certain. There are rumors that he may make no appointment owing to the proximity of the primary election, giving the appointment to the successful candidate immediately following the November election. Otherwise the successful candidate would not take office until after the first of January.

Holland Bars War Supplies' Exports

WASHINGTON, April 26.—Holland has placed an embargo on the exportation from the British East Indies of tin, tin ore, cinchona bark, quinine, quinine salts and kapok, all of which are needed in large quantities by the United States for war purposes.

Associated Press Thanked For Bond Aid

NEW YORK, April 26.—Frank B. Noyes, president of the Associated Press, read to the board of directors of the association a telegram conveying the thanks of the Liberty loan committee for the help given by the Associated Press and the American Newspaper Publishers' Association in the selling of Liberty bonds. The text of the message follows:

"Frank B. Noyes, president the Associated Press, Waldorf-Astoria, New York.

"I should like to express through you to the Associated Press and to the members of the American Newspaper Publishers' Association the appreciation of the Liberty loan committee for the tremendously effective patriotic service rendered by the newspapers in helping to sell Liberty bonds. This operation has been generous and continuous. I cannot express too highly our appreciation of the patience and full cooperation shown us by the newspaper men in these arduous campaigns. (Signed)

"GUY EMERSON,
"Director of Publicity, Second
Federal Reserve District."

TO BUILD BARGES.

NEW YORK, April 26.—A fleet of modern coal barges of both steel and concrete construction will be built by the government to accelerate transportation throughout the Erie canal. G. A. Tomlinson, government manager of the waterways in this district, announced today.

FALLS FROM CAR.

C. W. Hodson, age 41, residing at 508 El Dorado avenue, fell from a street car near his home when the car stopped at a street intersection, striking on his head and inflicting deep lacerations in his scalp.

MARGINS FOR FOOD PRICES ARE ORDERED

WASHINGTON, April 26.—Maximum margins between cost and selling prices that will be allowed licensed canners have been announced by the food administration, its action being based on the views of the federal completed an inquiry into food costs.

The margins, the food administration's announcement said today, are to be considered merely as guides in no way changing existing rules or regulations affecting canners. Prices exceeding these will be considered unreasonable under the food control law.

The announced maximum margins per dozen cans follows:

Corn No. 2, standard, 19 cents.
Corn No. 2, extra standard, 22 cents.
Corn No. 2, fancy, 30 cents.
Peas, average, all sizes No. 2, substandard, 15 cents.
Peas, average, all sizes No. 2, standard, 23 cents.
Peas, average, all sizes No. 2, fancy, 31 cents.
Tomatoes, No. 2, standard, 18 cents.
Tomatoes, No. 2 1/2, standard, 24 cents.
Tomatoes, No. 3, fancy, 31 cents.
Tomatoes, No. 10, standard, 90 cents.
Tomatoes, No. 11, fancy, 91 cents.

Former Assemblyman Drops Dead Driving

UKIAH, Cal., April 26.—Former State Assemblyman F. M. Weger dropped dead while driving a buggy near Orr Springs, Mendocino county. He was 68 years old and was elected to the assembly in 1902, serving one term.

ROTARIANS TO DANCE.

The Oakland Rotary Club will entertain tonight at a dinner dance at the Hotel Oakland, the affair being in compliment of the club members and their families. An attractive program has been arranged under the direction of the entertainment committee.

Caterpillar Crawls for Liberty Bonds

One of California's famous "caterpillar" bands, bearing the name of the "caterpillar" for the allied and American armies, paraded today in Oakland for the Liberty Loan. This tank, the latest Holt creation, came to Oakland from Stockton under its own power, the Holt Manufacturing Company having the expenses of the trip. This is one of the "Baby Tanks" now being built for service at the front, one man controlling it and another working its runs. A large number have already been built. Max Horwinski acted as official guide for the "Baby Tank" today.

VISIT IN CITY.

Mrs. R. A. Conwell, wife of the Ogden division superintendent of the Southern Pacific, and her daughter arrived in Oakland today on a visit. They are staying at the Oakland. G. A. Buckingham, stepfather of Cliff Durant, manager of the Chevrolet factory, is another visitor at the Oakland, coming here from the south for a visit.

SMOKES GO WITH BOYS' GODSPEED

A letter of farewell and God speed, accompanied by a package of "makins," was delivered to more than 100 Oakland boys who left today for Camp Lewis as part of the draft quota. The letter and gift of a bag of tobacco were from the Oakland War Service League, and the farewell was given at the suggestion of President Harmon Bell of the league.

The letter delivered read:

"The Oakland War Service League desires to express its profound appreciation of your devotion to your country and to the great principles to sustain which we are now engaged in war with the most infamous enemy the world has yet produced. The Hun must be crushed if this world is to be a safe place for your wives, mothers, sisters and sweethearts. We know that the God of our fathers will sustain you in upholding the principles of righteousness and that you will bring back the banner of Freedom and Democracy in triumph to Oakland.

Tours to Win the War.

"OAKLAND WAR SERVICE LEAGUE. By HARMON BELL, President.

"CHARLES D. HAINES, Secretary."

\$5,218. The principal creditors are the Oakland branch of the Federal Bank, \$1750, and Irwin C. Lewis, First Central Bank Building, Oakland, in a note for \$200.

SHOW WAR SPIRIT IN PAGEANT FORM

One of the special features of the annual May Day festival, which takes place on Saturday, May 4, at Lakeside Park, will be the national group, which will represent the various patriotic, social, civic and improvement organizations will participate in this portion of the celebration under the direction of various women prominent in east bay recreation affairs.

The various groups and their leaders will be as follows: Italian, Mrs. Falletti of the Italian Mothers' Club; Russian, Miss Ellen Davidson, a native of Russia; English, Mrs. Gordon Smith, of the Overseas Club; French, Mrs. May Sisson of the University of California Dramatic Club; Belgian, Miss Marion Ransom and the girls of her school; China and Japan, Miss Egils of the Baptist-Chinese mission.

In addition to these there will be a special pageant features, including Miss Florence Dean of Ebell Club as "Liberty," Miss Edith Sanderson as "Democracy" and W. S. Dobler, patriotic instructor of Appomattox Post No. 50 as "Nationalism," carrying a large American flag. The Camp Fire Girls of the cities of Oakland and Berkeley, San Leandro and Richmond and the Boy Scouts of Oakland will also participate, representing the United States.

WAGE DISPUTE HAS BEEN SETTLED

Differences between shipyard and pieceworkers employed on ironwork were on both sides of the bay over prices have been settled by the arbitration of E. B. Wolff, business agent of the Boiler makers' Union, following a series of conferences between representatives of the United States Shipping Board, the employers and the workers. A schedule of piecework has been adopted setting prices on record.

Many men had received less under the Shipping Board pay-schedule than under the old system," said Wolff. "The new schedule settles this point. There was no trouble, no complaint, and even the men were satisfied with the result. A business matter settled in a business way." Wolff denies that he ever charged the ship companies with seeking to force a business matter into a labor dispute. "This is absolutely incorrect in letter and spirit," said Wolff. "Sue-

SAYS SPOUSE IS AWFUL STINGY WITH KISSES

That she was kissed by her husband only once in a year, although she was of a "loving disposition," is the principal allegation for divorce in the complaint of Mrs. Anna F. Heider, suing F. B. Heider, filed in the Superior Court today.

She also alleges that he threatened to throw a bag of eggs in her face, said that he hated her, insisted upon being her physician and treated her illness with patent medicines.

She says that her husband's income is from \$300 to \$500 a month. The couple have been married twenty-four years. There are no children.

City Unconcerned About Woolsey Suit

That the city attorney's office is not much concerned over the litigation commenced by Attorney A. J. Woolsey to recover \$2500 forfeited by the council when the Woolsey waterfront lease proposition fell through several months ago, was stated today by Deputy Attorney William H. O'Brien. The suit, directed against Mayor Davis and the commissioners, was filed yesterday in the Superior Court.

DEATHS

DIED—In this city, April 25, 1913, Anna Christina Berg, dearly beloved wife of the late August Berg, loving mother of Capitola J. Michel and aunt of Alma S. Krans, a native of Sweden, aged 71 years and 4 months, member of Ioka Council, No. 30, D. of P.

Friends and acquaintances are respectfully invited to attend the funeral service, to be held Friday evening, April 26, at 7 o'clock, at the parlors, from Ernest A. Wallitz's funeral parlors, 104 Webster street, Oakland, I. O. O. F. hall, commencing service Tuesday, April 23, 1913, at 2 o'clock p. m., at Vallejo, under the auspices of Ioka Council, No. 30, D. of P., at Sameson hall.

BOUTERIEUX—In this city, April 25, 1913, Angell A. Bouterieux, beloved husband of Helen Bouterieux, aged 47 years, a native of France, died at his residence, 1014 Broadway, at 10 o'clock, at Vallejo, under the auspices of Ioka Council, No. 30, D. of P., at Sameson hall.

Funeral service will be held at 2 o'clock, at Vallejo, under the auspices of Ioka Council, No. 30, D. of P., at Sameson hall.

[illegible]

Mrs. a native of California.

Some Food for Thought.

People everywhere are beginning to realize that it pays to buy medicines that have an established reputation as they are most trustworthy and most dependable. Chamberlain's Cough Remedy is one of them. It has been in use for almost half a century. From a small beginning its sale and use has extended to all parts of the United States and to many foreign countries. When you have a cough, or a cold, or a sore throat, or for yourself what an excellent medicine it is. For sale by Osgood Bros. Drug Stores.—Advertisement.

Heeding the insistent call of citizens of the east bay communities, "Clio Unbever," produced by Thomas A. Edison, in co-operation with the United States Marine Corps, will have an extended engagement at the American, the final presentation being next Tuesday night. Like a comet, the great patriotic pageant, weaving an entrancing international dominance, has been seen in the East. The enthusiastic desire to see the picture has become a unanimous demand upon the motion picture devotees.

"Men and women cannot be stoics when they see this picture," said Manager Rex Middleby in making the announcement today. "Unlike the usual passive audience, swayed by an idea of a suggestion for the brief moment, this picture carries a continued thrill. I sincerely urge all people to see it."

"First to Flight, and Always Faithful," the Marines have formed the main feature of the production. Scenes of the battle of the Marston, and the capture of the German flag, and the same which the Sixth Battalion participate, are shown. How a young American aristocrat, a member of the corps, saved a young Belgian refugee from the clutches of a German officer, and the charming romantic conclusion, still rings. The plot of the story contains every element of interest.

Adding to the spirit and theme of the play, the songs given by the famous United States Marine Corps band, and the talented orchestra of Wharry Lewis and his orchestra provide an inspiration.
